ABOUT DENNIS HERMANZO

Dennis Hermanzo is the pseudonym of a Danish mentalist and musician in his late forties, who has been a mindreader for more than twenty-five years. For those that have never heard of him previously, there is a very good reason.

Dennis, an international member of **PSYCRETS** – the British Society of Mystery Entertainers under his stage name, made the decision early to not venture into the magic fraternity. That is why, to date, he is not a member of any free online magic forums. Nor is he a member of magic clubs because he doesn't perform for magicians.

Dennis, under another stage name, has performed on a regular basis in Denmark for many years and for real audiences.

In 2016, Dennis enjoyed the successful release of his first book, *Mentalism from Copenhagen*, which was published by Stevens Magic Emporium and with world-wide distribution. It was received with great enthusiasm from amateurs, as well as professional mentalists!

Mentalized, also published by Stevens Magic Emporium in 2017, was his second book in the art of mystery. It was met with even greater response from the community.

A State of Mind. published by Stevens Magic Emporium in 2019, was his biggest selling book to date and with great reviews.

The Mystery Man is his fourth book about the artform called mentalism...
