

# CLINICAL ADVENTURER

UNIVERSITY of  
**TASMANIA**

INTERNATIONAL  
PARAMEDIC  
PLACEMENT

# About

The Clinical Adventurer is an international placement experience designed to engage and immerse undergraduate paramedic students in clinically relevant activities while they experience the people, food and culture of their host nation.

You will travel to islands, jungles and mountain villages to work alongside local clinicians in hospitals, remote clinics, and local ambulances. It is an opportunity for you to experience how health care is delivered outside of Australia.

It's not all emergency care. You will be delivering preventative health care programs, primary care assessments and emergency response training.

You will also complete Australia's only Expedition Medicine Life Support program, accredited by the Academy of Extreme Environment Medicine.

NEPAL

VANUATU

TIMOR  
LESTE

# Nepal

Landlocked between China and India, Nepal is known for its breathtaking Himalayan landscapes, and is home to Mount Everest, the world's highest peak. Nepal boasts a rich cultural heritage, with diverse ethnic groups, languages, and traditions and is believed to be the birthplace of Buddha. With a unique blend of natural beauty and cultural richness, Nepal offers an unforgettable experience.

Activity: Remote clinic, mountain trekking

Duration: 15 days

Dates: 18th - 31st October 2025

# Timor Leste

Timor-Leste, also known as East Timor, is a southeast asian nation located less than an hour from Darwin. Gaining independence in 2002, it is one of the world's youngest countries. Timor-Leste boasts stunning landscapes, from rugged mountains to pristine beaches and coral reefs. The country has a rich cultural heritage influenced by Austronesian traditions and Portuguese colonial history.

Activity: Island and jungle clinics, island getaway

Duration: 15 days

Dates: 17th - 31st of August 2025

# Vanuatu

An island nation in the South Pacific, consists of around 80 volcanic islands stretching over 1,300 kilometers. The capital, Port Vila, is the cultural and economic hub. Vanuatu has a rich indigenous culture, with over 100 languages spoken and unique traditions still practiced. The nation is famous for its active volcanoes, world-class diving sites, and warm hospitality.

Activity: Ambulance and hospital placements, island getaway

Duration: 28 days

Dates: 9th August - 5th September 2025

# Legacy

The experience is not just about the students, it about supporting local health care programs. You will be working with not-for-profit organisations focused on providing care in locations devoid of health infrastructure.

Placement funds contribute to local wages, building of health infrastructure and the purchase of consumables, medicines and equipment.

# Partners

## ProMedical Vanuatu

ProMedical is part of a non government organisation in Vanuatu that provides ambulance services on the islands of Efate and Espirito Santo. ProMedical currently receives no direct funding from the Vanuatu government.

## SABEH Timor Leste

SABEH is a Timorese NGO that seeks to improve the health and wellbeing of the individuals and families in remote and difficult to access areas. Their mission is to ensure that all Timorese have access to healthcare regardless of where they live

## MCAF Nepal

MCAF or Mother's and Childrens Art Foundation, is a Nepali NGO dedicated to the education, health and employment of impoverished woman and children in Nepal. They provide free health camps, health awareness programs and training in locations where no healthcare or hospitals exist

# Why chose Explora?

## **Admin & Logistics**

Our team will take care of all the planning, logistics and admin including airport transfers, in-country transport, accommodation, food, permits and permissions.

## **Risk Strategy**

Our team will provide a generic, country specific and village risk mitigation strategy that will work to protect the team. As part of this process an expedition handbook will be distributed to all team members.

## **Operational Support (24/7)**

Your team will be allocated a team specific operations manager who will be in regular contact with the team leaders throughout the program providing 24/7 support.

## **Team leaders**

Each team is allocated a clinically qualified and experienced team leader who will be with the team from their arrival to departure.

## **In Country Agent and in country staff**

A designated in country agent (ICA) will meet the team at the airport and facilitate an in-country orientation. They will support the team leader in all administrative and logistical requirements. Our in country support staff are experts in their chosen fields and will support the team through clinical support, translation, cooking, transport and security.

## **Sustainable**

Our team have spent years developing the relationships with the community that encourages a shared experience. Our team are practicing clinicians with years of experience in developing health care in low GDP countries.
