President's Pen- September

This last month we've slowly worked our way up to **105 members**. This month we're pleased to welcome young **Jack Cusick** to the mix – great to have you on board, Jack, and we hope you enjoy being part of our club.

With the winter months behind us and the ocean warming up under those beautiful blue skies, I'm hoping to see more members venturing down to the ocean over the next few months. It's always a great way to start the day and enjoy what Busselton does best.

I'd also like to take the opportunity to **thank all our volunteer coaches** who put their hand up to coach. The variety of coaching is one of the great things

about being involved in our club, and it is very much appreciated by everyone who attends each week.

A quick reminder that **Masters Swimming WA is currently offering the 16-month membership option**, taking new members right through to **1 January 2028**. So if you know anyone thinking about joining, now's a great time to nudge them.

We also have our annual 4=week **Restart Program kicking off late November**. If you know someone keen to be involved, please let them know that **registrations will open on 1 November**.

Steve

♥ Stronger Together — Mental Health, Mateship & BBQ

As part of our Healthway Swim for Health Program, we're delighted to bring you this special community session, fully funded by the Regional Men's Health Initiative. Join us after swimming for a relaxed BBQ, good company and an important conversation about men's mental health and wellbeing.

This isn't a lecture — it's a chance to sit down together, share a meal and explore some very practical ways we can build resilience, stay connected, support our mates and recognise when someone around us might need a little extra support.

We spend plenty of time looking after our physical fitness in the pool and the bay. This session is a reminder that our mental and emotional wellbeing deserves the same attention — and sometimes one of the most powerful things we can do is simply connect, talk and look out for one another.

Come for the swim. Stay for the BBQ. Join the conversation.

Because strong communities are built through connection, conversation, mateship and looking out for one another. ♥

Sports Power Busselton

Give BMSC members a discount on swimming equipment including fins, goggles and bathers.

Please let them know when you purchase

Such a great local business with friendly helpful staff

Our coaching team—Trish, Steve, Julie, Riley, Andy, Mon, Tanya, Ian and Andrew S

- **Sunday: Endurance swims - 8:00 am** with the public at the GLC

GENERAL NEWS

CCC — THE FINAL PUSH FOR 2026!

We're heading into the final stages of the 2026 Act Belong Commit Country Carnival by Correspondence (CCC) — and plenty of points are still up for grabs!

Sunday 25 October — Final Individual CCC Swims

From 8:15 am. This is your **last opportunity to complete your individual CCC events for 2026**, whether that's the 1500m or **any other eligible distance**, up to your maximum of **eight individual swims**. Remember, you must have completed at least one individual CCC event to be eligible to swim in the relays.

Saturday 7 November — CCC RELAYS!

From 8:15 am, before our 10:00 am AGM and BBQ, we turn our attention to the team events — the 4 x 50m relays.

To enter, please email your:

Name •

Date of Birth •

Stroke preference (if any)

to bmsccoaches1@gmail.com as soon as you can.

Alternatively, see Julie, Sharon or Trish at training, and we'll add your name to the relay list.

The **CCC is open to all Busselton Masters members**, with our swims conducted under **Masters Swimming Australia rules** and the results contributing to the statewide Country Carnival competition.

We've brought home the MSWA State CCC Trophy before — now let's see what Busselton can do in 2026! 

Swim long. Swim fast. Swim together. GO BUSSELTON!

See you at Par 3 for a coffee & chat after our Monday & Saturday swim sessions

BUSSELTON JETTY SWIM
SATURDAY 13TH + SUNDAY 14TH FEBRUARY 2027

No Lanes. No Limits.

The Busselton Jetty Swim returns 13–14 February 2027, with distances from 220m through to the iconic 3.6km swim around the Jetty — and even more places available this year.

Ballot: 1–7 October 2026 for the 3.6km Solo and One Mile swims. Successful entrants will be announced 12 October, when general entries for other events also open.

And could there be a better year to train for it? With our expanded pool training, coached sessions and plenty of open-water swimming in the bay, BMSC members have more opportunities than ever to prepare for summer swimming.

And yes, the best open-water swimmers train in the pool! Pool sessions build technique, speed and efficiency in a controlled environment — then you take those stronger, better strokes into the ocean.

So whether you're eyeing off 220m, a mile or the full 3.6km around the Jetty, this could be the summer to set yourself a challenge.

GENERAL CLUB NEWS

MORE WAYS TO SWIM — OUR ROAD TO NATIONALS 2027

With the **Masters Swimming Australia National Championships coming to HPC Stadium in Perth from 14–18 April 2027**, we have a great opportunity to give our swimmers even more ways to enjoy their swimming, develop their skills, and perhaps set a new goal.

For those heading to Nationals, it provides consistent preparation and the chance to build confidence over the months ahead. For everyone else, these are simply great swimming skills that can make us stronger, more efficient and more confident in the water.

Our **Saturday morning pool training with Andrew Sexton will continue through summer and right through to Nationals**, apart from our usual Christmas/New Year break.

And, as always, you work **from where you are towards your own goal — one lap at a time.**

A LITTLE 50M POOL EXPERIENCE TOO

This isn't about changing what Saturdays at Busselton Masters have always been about. Our much-loved social swims in our gorgeous Geographe Bay will continue, just as they always have. Those who choose a pool session can head down afterwards and join the bay crew for coffee, conversation and all the usual Saturday morning camaraderie.

We're also hoping to include a couple of **Saturday afternoon training opportunities with our Bunbury friends in their 50m pool.**

It simply means **more choice and more opportunities** for our swimmers.

A ROAD TO NATIONALS — FOR EVERYONE

You don't have to be a seasoned competitor — or even be certain that you want to compete at Nationals — to take part in the Saturday pool sessions.

Under **Andrew's coaching**, we'll gradually weave race skills into our regular training: turns, dive starts, finishes, streamlining and breakouts, pacing, stroke efficiency, relay skills and race-specific sets.

Nationals will be raced in the 50m pool at HPC Stadium, so these sessions will give swimmers valuable experience with long-course pacing, fewer turns, and a feel for racing the full pool distance.

We'll also invite Bunbury Masters swimmers to join us for our Nationals training campaign here in Busselton — another great opportunity to strengthen connections between our South West swimming communities.

ONE CLUB, MANY WAYS TO SWIM

That's really what this summer is about. Some of us love chasing a black line. Some love heading across the bay. Some enjoy racing. Some simply want to stay fit, strong and connected. And plenty of us enjoy a bit of everything.

Pool or bay, training or social swimming, Nationals-bound or simply swimming for the joy of it — there's room for everyone.

And afterwards? **We meet for coffee. Naturally.**  

Thanks Ant for sponsoring our Nationals campaign

GENERAL CLUB NEWS

Tahiti Swim Camp – Julie O'Connor

Brendon and I have just returned from a fabulous Distance Swim Camp in Tahiti / Moorea, run by Effortless Swimming, with Brenton Ford and Andy Donaldson as coaches. We were incredibly fortunate with the weather as it was pretty much perfect all week.

The week began with a familiarisation swim in the bay by the Tahiti resort, plus some technique filming in the resort pool, followed by a magnificent welcome dinner so everyone could get to know each other. There were 8 swimmers on the camp: Brendon and I from Australia; 1 Kiwi; 2 from Mexico; plus 3 from the U.S. The group immediately bonded exceptionally well, plus we had the added bonus that we were all very close in swimming speed, so all the swims worked really well.

Day 2 saw us board our support boats and head off for 2 x approximately 3k swims in the lagoon inside the fringing reef (that almost all tropical islands have). Concentrating on swimming was hard, as we were constantly interrupted by sightings of turtles, rays etc.! Each swim was broken up into approximately 10-minute segments, each concentrating on a single aspect of stroke or open water technique.

On day 3 we went out on one of the support boats looking for whales... we found a mother and calf breaching, but sadly found none that we could swim with. We then caught a ferry across to the nearby island of Moorea, and did some excellent one-on-one training with one of the coaches in the resort lagoon.

On day 4 we headed out for a 2.5k outer reef swim, then returned to the resort for a cooking class, making our own "Poisson Cru" (the national dish of Tahiti and French Polynesia consisting of raw fish cured with lime juice and made into a delicious salad). In the afternoon we did another lagoon technique session which was interesting and fun and generated lots of laughs as well.

On day 5 we did a fabulous 3k swim outside the reef, followed by lunch at a resort island, then a short swim to a shallow area full of curious stingrays and reef sharks. It was then back to the resort lagoon for a second round of technique filming and open water skills work.

On day 6 we caught the early ferry back to Tahiti, and then boarded our support boats and headed outside the reef for our final 10k swim. The plan was to swim outside the reef until the wind came up, and then move inside to the protected lagoon. The wind never came up, so we completed the entire 10k in perfect conditions outside the reef, with a gentle current assisting us. The scenery varied from the sloping coral gardens just outside the reef, to the amazing deep "Pacific Blue" beyond the drop-off. What a memorable final swim!

All up, we had swum around 30k in 6 days. We had a wonderful farewell dinner, and then all went our separate ways the following morning, but will be friends for life.

Whether you are a distance swimmer, or just trying to improve your swimming, I recommend checking out the various Effortless Swimming camps to see if there is one to suit you. They are not cheap, but are excellent value for money. Brenton always brings superb coaches along, and the two distance camps that I have attended have both used Aaron Davis as "organiser extraordinaire" so have run seamlessly with lots of good humour thrown in too.

Alternatively check out my other article seeing if there is enough club demand to organise a "Swimcation" to southeast Asia next year. There probably wouldn't be coaching on this one (although Andy Donaldson may be interested), but it would be in a magnificent location, organised by Aaron who has organised adventure tourism trips there for the past 30 years.

GENERAL CLUB NEWS

Are you interested in a 'Swimcation' to southeast Asia in 2027? – Julie O'C.

If there is sufficient interest, we have the opportunity to arrange a 'swimcation' to southeast Asia sometime next year. It would be organised by Aaron Davis who has expertly organised the 2 Effortless Swimming Distance Camps that I have attended. Aaron has organised adventure tourism trips for the past 30 years, the majority of them being in Asia.

He is open to arranging whatever we want, wherever we want. Some possible destinations are Sabah (Borneo, Malaysia), Komodo (Indonesia) or Raja Ampat (southwest Papua). It could be a purely swimming holiday (similar to those run by Swim Trek), or a combination of swimming, plus kayaking and/or hiking to ensure we see all there is to see and to learn about the history and culture of the places we visit.

It could also be either a live-aboard, or stay on shore and travel via our support boats to our destination each day (the version recommended by Aaron). All these sites are world-renowned swimming and diving spots. You wouldn't have to swim the same distance as everyone else, as you could get on and off the support boat at will.

We would always have a support boat and one or more kayaks with us.

If you are at all interested, talk to Julie at swimming. Once I have an idea of the number interested, I will be able to get Aaron to put together options and approximate pricing. Note, this would not be a club-organised adventure, but rather a private expedition open to club members.

MANDURAH CALLING – SAVE THE DATE – SUNDAY 1 NOVEMBER 2026

It's time to start thinking about our next opportunity to race swimmers from other clubs in person. After all the fun of our CCC, the Mandurah Act, Belong, Commit Club Challenge (ABCCC) Carnival is coming up on Sunday 1 November.

We're hoping to see a great Busselton Masters contingent heading to Mandurah – and you certainly don't have to be one of our seasoned competitors to join in.

There's something for everyone, with 25m, 50m and 100m events in all four strokes, plus the 100m Individual Medley. Whether you're chasing a personal best, keen to put all that training into practice, or simply ready to experience an away carnival with your clubmates, this is a wonderful opportunity to have a go.

Put 1 November in your calendar now and come along as part of Team Busselton!

More entry details to come.

Hosted by the
Mandurah Mannas

Can you see yourself contributing or creating this newsletter? Yes – that's wonderful as we like to share the load.

Tumble Turns – In, Flip & Out

A good tumble turn isn't just about looking slick at the wall! Done well, it helps you maintain speed, conserve energy and carry momentum into your next lap. And like every swimming skill, it improves with practice.

Think of the turn in three simple parts: IN – FLIP – OUT.

1. IN – Approach the Wall with Speed

Keep swimming strongly all the way into the wall. Slowing down before the turn actually makes the tumble harder and costs valuable momentum.

As you approach:

- Keep your normal stroke rhythm and speed.
- Use the pool markings to learn where to start your turn.
- Make your second-last stroke strong and purposeful.
- Let your final stroke carry you into the turn.

With practice, judging the distance becomes instinctive.

2. FLIP – Small, Tight & Quick

Aim for a compact somersault, not a big sweeping movement.

As your final stroke finishes, tuck your chin towards your chest and fold at the hips. Bring your knees in tightly so your feet come quickly towards the wall. Plant your feet firmly against the wall with your knees bent – think of your legs as loaded springs ready to release.

Bring your hands together into a streamlined position, ready for the push-off.

Then push strongly from the wall.

3. OUT – Streamline & Carry the Speed

The wall gives you something you can't create while swimming: a powerful, solid surface to push against. Make the most of it!

As you leave the wall:

- Stretch long into a tight streamline, with one hand over the other.
- Keep your head tucked between your arms.
- Exhale through your nose as you turn.
- Rotate naturally towards your front.
- Hold your streamlined position while you are travelling quickly.
- Add your underwater kick as appropriate, then transition smoothly into your freestyle kick and first stroke.

The goal is a smooth breakout that carries your speed forward—not popping abruptly to the surface or staying underwater so long that you've lost momentum.

Remember: IN – FLIP – OUT

Fast into the wall.

Tight through the turn.

Strong off the wall.

Streamlined into the breakout.

Tumble turns don't need to be perfect from day one. Break the skill into pieces, practise each part and gradually put them together.

For swimmers preparing for Nationals, turns are particularly valuable. In a 25m pool, every wall is another opportunity to maintain momentum – and over a longer race, those small improvements can really add up.

Tumble Turns

IN, FLIP & OUT

Turn faster
Swim further

1

IN

APPROACH WITH SPEED

- Keep swimming strong to the wall.
- Use the pool markings to know where to start.
- Make your second-last stroke strong.
- Let your final stroke carry you into the turn.

2

FLIP

SMALL, TIGHT & QUICK

- Tuck your chin to your chest.
- Bring your knees in tightly.
- Plant your feet firmly on the wall, knees bent.
- Bring your hands together into a streamline.
- Push strongly from the wall.

3

OUT

STREAMLINE & CARRY THE SPEED

- Push off in a tight streamline (one hand over the other).
- Keep your head tucked.
- Exhale through your nose.
- Rotate naturally to your front.
- Add your underwater kick as appropriate.
- Break out smoothly into your freestyle kick and first stroke.

One wall at a time. One turn at a time.

CATALPA & DINNER AT THE TAV

Join us for a fun evening out on **Wednesday 11 November 2026!**

We'll be having dinner at **5.00 pm** at The Tav, 117 Queen Street, Busselton, before heading to Saltwater for **Catalpa** at **7:30 pm**.

 **Catalpa tickets:** Lynette has already pre-purchased tickets for those who organised them. If you haven't got a ticket yet, you may still be able to purchase one individually, but sales were going very quickly, so don't leave it too late!

 **Not interested in seeing Catalpa?** That's absolutely fine! We'd love you to join us for dinner at The Tav anyway. It's a great opportunity to catch up and enjoy a meal together.

We need to make a booking for dinner, so please text or phone

Sue Hart 0439 311 601 to let her know if you're coming to dinner.

Being A Wednesday night it is Fish and Chips Special!

Looking

forward to a great night of **Fitness, Friendship & Fun!** 

CATALPA

11 November 2026 7.30pm

Run Time 90 minutes

Proudly presented by Saltwater

The rescue of six Fenian prisoners from the fortress of Fremantle Prison was one of the most daring and audacious prison breaks in Australia's history. Two years in the planning, involving espionage, secret letters, undercover operatives who travelled from Boston to Western Australia to enact the plan, a love affair, a rescue ship masquerading as a whaleboat, a desperate boat chase and the threat of war against the might of America, this story has all the hallmarks of a major Hollywood movie and all the heart of an Irish ballad.

Perfectly suited to THEATRE 180's ground-breaking CinePlay genre with its sprawling storyline, cast of thousands and epic landscapes from the high seas to 19th century Western Australia, CATALPA: Flight to Freedom is an important part of our recent history. Its themes of bold ideas, daring action and beliefs in the value of political free will are indicative of the Western Australian character.

Fremantle Prison was known as a 'living tomb', a place of hellish imprisonment and far from the green fields of Ireland and the land of birth for these freedom fighters seeking independence from centuries of
