

Anne-Chloé in Death Valley, California (2024)

Clinton & Anne-Chloé's News

June 2024

Dear Friends,

This letter is a personal sharing from one of the co-writers of this newsletter, Anne-Chloé Destremau, looking back for a moment on her last seven year journey in Possibility Management, inspired by her recent Vision Fast Initiation in Death Valley.

It all began in July 2017 when my journey as spaceholder for the [Ecosystem Restoration Community](#) in Altiplano, Spain, intersected with for Authentic Archan Adulthood Initiatory Processes in Possibility Management. This is when I fell in love with the Joys of [Radical Responsibility](#). Stepping into a culture of [Initiation](#), [Evolution](#), and deep [Collaboration](#) with other human beings, offering my services to the [Edgeworker](#) community, was a coming home.

That does not mean it was without hurdles. For years, I kept back doors open to the seemingly 'safe' ordinary world of avoiding my own [Path](#) and service (I really imagined myself one day returning to being a waitress on the shores of the Pacific Ocean in Brisbane, Australia). I was over and over faced with my own incompetence at doing the things I love, and I hated it. I remember standing in the middle of a circle of twenty young people in a four-day training for Demokratische

Stimme der Jugend, opening and closing my mouth, moving my hands, trying to let my [Archetypal Lineage](#) speak, but no words would come out. It took a couple more years for the bridge to steadily connect my voice to my Archetypal Lineage.

Quickly, I became a steward of the Possibility Management gameworld. By osmosis I became part of the – often invisible – [Possibility Management Infinity Ring](#) working behind the scenes to ongoingly upgrade a [Thoughtware Upgrade](#) gameworld. It starts with us, right? We keep experimenting, noticing what works and what doesn't, *Beep! Shift! Go!*

In the past twelve months, Possibility Management has taken a whole new shape. Perhaps you felt it? Possibility Management is now a successfully working [Torus](#) with participants stepping up to being integral Researchers and [Experimenters](#) in deepening the [context](#) of [Thoughtware Upgrade](#) around the world. The dimensions of research are wide, including: [Parenting](#), [Bridge-House](#) building, [Village Weaving](#), [Relating](#), Sexuality, [Women's Culture](#), [Men's Culture](#), [Gameworld Building](#), [Emotional Healing Process Spaceholding](#), [Spaceholder Training](#), [Bridge-Building](#) with other Edgerworkers, [5-body Healing](#), [Inner Structure](#) Research, ... Our discoveries are so abundant that it is challenging for the documenters to make it all available publicly and free through the [StartOver.xyz](#) game.

Not only are we pushing the boundaries of research, but some people who grew up in the context of Possibility Management are now preparing themselves to stand on what they learned to deliver their own [Nonmaterial Value](#) while staying in Collaborative Connection. This is what Possibility Management is for: providing thoughtware for [Archiarchy](#), empowering [Gaian Gameworlds](#) to thrive. This is a celebration.

Possibility Management has now a life of its own, distinct from any one person, including [Clinton Callahan](#), its originator. This reflects the success story of an [Archan](#) culture that lives beyond a Founder's Syndrome, beyond [Hierarchy](#), beyond Intrigue, beyond [Low Drama](#) and [Resentment](#) that can be so attractive to the shadow side of humans. It tells the story of a culture of experienced [Creative Collaboration](#), Empowerment of [Spaceholders](#), and Enlivened [Discovery](#).

The global community of [Possibilitators](#) is breathing and evolving on its own accord. I have successfully [replaced myself](#). I now again stand on the [edge](#). What is next for me? What is the next Unknown for me to jump into?

I asked this question when I applied to join the Spring 2024 Vision Fast in Death Valley. What am I leaving behind and wanting to celebrate? What do I want to mark as a turning point in my life as an [Adult](#)? What am I stepping into as a new chapter?

I celebrate being an integral part in the emergence of a thriving community of Adults. How many people can say that? I wish for more.

It is also time to connect with new [Resources](#) and new [Authority](#), and among them, mainly my connection with [Gaia](#) and the natural world. One of my intentions for this Vision Fast was to find in me the wild, untamed, unapologetic, unconfirming forces of Nature; to tear down my imaginary separation between me and the Natural world; to be nourished by the rocks, the ravens, the sun, the creosote bushes, and the wind as my friends and not something to be feared and controlled; to accept the energy that is made available for my vision and become a part of the whole.

That happened. These four days fasting, alone in the elements, were a welcome dance from Gaia to me, filled with hummingbirds at my shoulder, lizards sleeping on my tarp, blooming beavertail cactus flowers, gale force wind, rain storms meeting sandstorms, and rocks, many many rocks. Fully, with arms wide open,

she said "Now you are an Earthling, welcome Home, darling."

Sincerely yours,
Anne-Chloé
