But when Juan Ruiz proposes and promises to take her to New York, she has to say yes. It doesn't matter that he's twice her age, that there's no love between them. Their marriage is an opportunity for her entire close-knit family to eventually immigrate. So on New Year's Eve, 1965, Ana leaves everything she and becomes Ana Ruiz, wife confined to a cold six-story walk in Washington Heights. Lonely and unhappy, Ana hatches a reckless escape plan. But at the bus station she is stopped by Cesar, the younger brother of Juan, who convinces her to stay. When the Dominican Republic creeps into political turmoil, Juan returns to protect his family's assets, leaving Cesar to take care of Ana. Suddenly, Ana is free to take English lessons at a local church, lie on the beach on Coy Island, watch a movie at Radio City Music Hall, dance with Cesar and imagine the possibility of another life in America. When Juan returns, Ana must decide once again between her heart and her duty to her family. In vivid, musical prose that reflects the energy of New York, Dominican Angie Cruz is a vital portrait of the immigrant experience and the timeless history of young women's coming of age, finding her voice in world.____Amazon world.____Amazon mark twain award nominees 2020-21
