Casatoto is not a typical property developed for rental purposes, it is our home, a place full of our objects, art and memories.

The old stone and brick farmhouse is beautifully restored and designed for the simple pleasures of relaxing, reading, conversation, preparing and sharing slow food and local wine, that is why there is no pool at casatoto.

The beautiful Adriatic is a 30minute drive and a lovely day out if you wish to swim.

Casatoto is prepared for you by local house and garden keepers, they will be at the farmhouse to welcome you. Casatoto is not suitable for young children under ten years old.

As it is not a 'made for rental property', we are more flexible with arrival and departure days and we will try to fit around your travel plans;

The local airport to casatoto is Ancona. Perugia-Assisi and Pescara are also quite close.

Bologna and Rome are a bit further but perfectly possible and give an opportunity to stay over in these wonderful cities.

Or you maybe travelling by road and stopping at the many beautiful Italian towns enroute; our current favourites are Vicenza and Ravenna.

Please email us if you have any questions or enquiries for availability.
