(Christina from Canada) Never bought a single item online in my thirty years of my life, it was one of the most frustrating decisions I've ever had to make when I decided to order a Chihuahua dog from another country! I fell in love with a photo posted on the website of the small, fawn male Debra named Twinki immediately contacted Debra and was impressed with her confidence and expertise. His professionalism was transparent As soon as we spoke on the phone, he clearly told me that I should be aware of the negative reaction he received. I was immediately stunned by his honesty, not trying to force me to buy a puppy from him unless he had clearly done research on him as a dank. I have to admit, it was very refreshing that someone made themselves look so open and unafraid. His approach to me proved that he had nothing to hide and that he trusted his skills as a breeder. I decided to take his advice and thoroughly read the Debra website, as well as all the references that have supported his work over the years. While no doubt negative reviews were posted online, I quickly became able to see with unreal explanations and felt given the number of comfortable positive experiences provided to support Debra's reputation as an extraordinary dank. As the days passed, Debra and I communicated regularly. Her quick responses to emails and detailed instructions not only ededed how knowledgeable she was, but also made me realize how worried she really is to ensure her offspring are well cared for after leaving her home. Despite the warnings I received from friends who were skeptical about buying a puppy online, my ongoing communication with Debra and the professional relationship we established made me 100% sure that I had made an informed decision. A few weeks ago, I went to Buffalo, New York, to meet the little man who fascinated my heart. Wearing a small sweater and surrounded by several baby blankets, Winston looked very relaxed and it was very clear that it was held for the first time after his flight. After coming to my house, Winston immediately used his wee pad and proved how well trained he was while the clicker continued to respond well in training. I can't thank Debra enough for all the hard work she's done to raise such happy, healthy, sombre puppies, and I feel blessed to be able to find the perfect pup for me! Debra is evident in her every devotion to puppies in love for all the animals that really are, as well as her devotion that provides her clients with top quality dogs. Please feel free to ask Debra for my email address and I will be more willing to share this experience that brought so much happiness to my life christina Toronto, Canada all digital images are under the ownership of MLC Chihuahuas and cannot be reproduced in any form without the permission of MLC Chihuahuas or written in advance.
