The catamaran who started the revolution. Hobie 16 remains the most recognizable and iconic fiberglass catamaran. With more than 100,000 built, 16 broadened the worlds' vision of what fast, beach-launched fun could be like. Hobie 16 came out in the 1970s and yet it is raced around the world and up and down the West Coast. The new 16s are equipped to go out of the box quickly - Dacron sails, carbon fibre launchers and double trapezes are included. Durable fiberglass frames are timeless - they are light and rigid, ensuring years of speed and reliability. The Hobie 16 still offers fleet numbers larger than any other fiberglass catamaran. The new 16 guys are still being sold and they add to the navy's fun, from coast to coast and worldwide. There is no single water sport that I have not been involved in and in the extreme sense of the word. Usually jumping 6 plus feet wind surfing boards not to mention Kite boards. Having done any water sports since 1973, I think Hobie 16 is an absolute stand-out. After owning 4 H-16's & amp; amp; 1 H-18 & amp; amp; racing H-20's (Miracle 20's), not to mention the big mono bodies, I believe the H-16 is all in all distinctive. No dagger boards to handle as you sail in and out of the crash zone off the texas coast. H16 can feel loose in the water either on the lake or and surfing the waves along the coast. I.1. A large part of the population is in an instant gratification kick and they don't want to spend time tuning hobs so they know sailing skills and prefer to squeeze gas into Seadoo and go fast, but after hobie 16 for people over 30, Hobie can be crazy in extreme circumstances or very relaxing taking family and kids for a ride or even using it as beach tans to go up and down the beach to your favorite spots. If you can't wave a new one, buy a used one, but take with you someone who knows him from the inside to find a good one. I'm from Ft Worth Tx and I don't know anyone at this company or site.
