

SHORELINE

To make it more believable, find the horizon and vanishing point.

Background

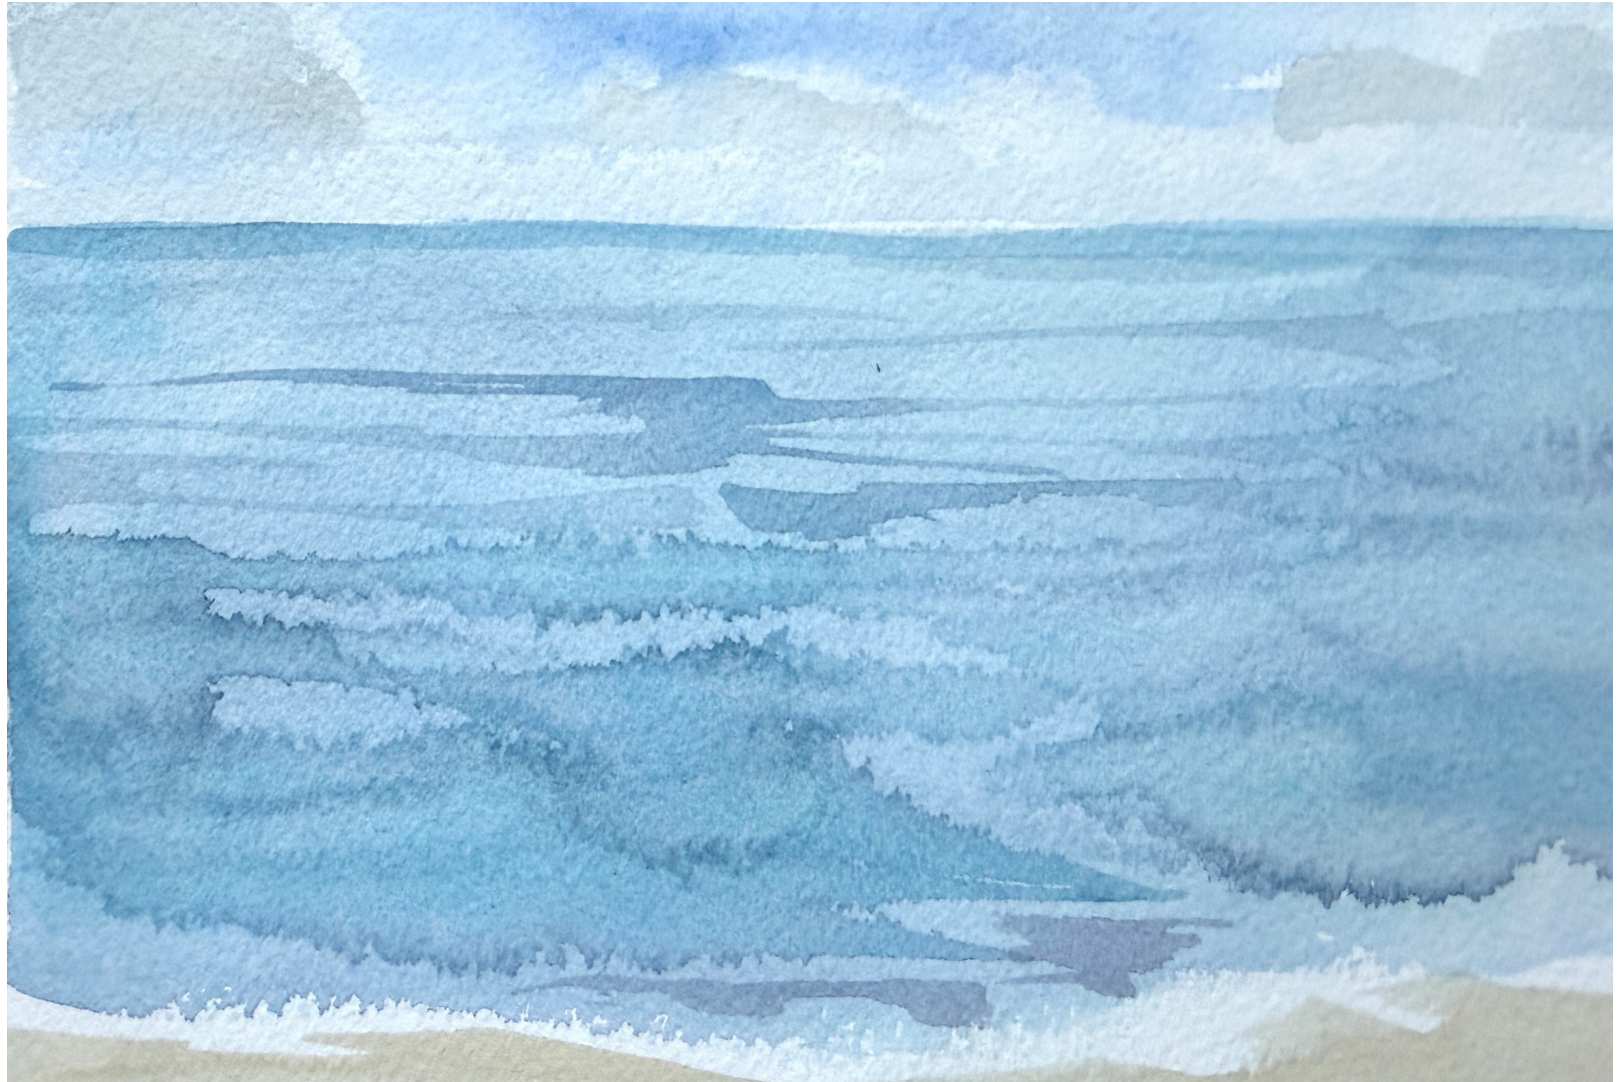

Mid Ground

Foreground

A photograph of a calm body of water at sunset. The sun is low on the horizon, creating a bright, shimmering reflection on the water's surface. The sky is filled with soft, white clouds. In the foreground, a dark, silhouetted shoreline with several large rocks is visible. On the left side, the dark silhouettes of trees and foliage frame the scene. The overall mood is peaceful and contemplative.

Still Water and the Horizon

Waves

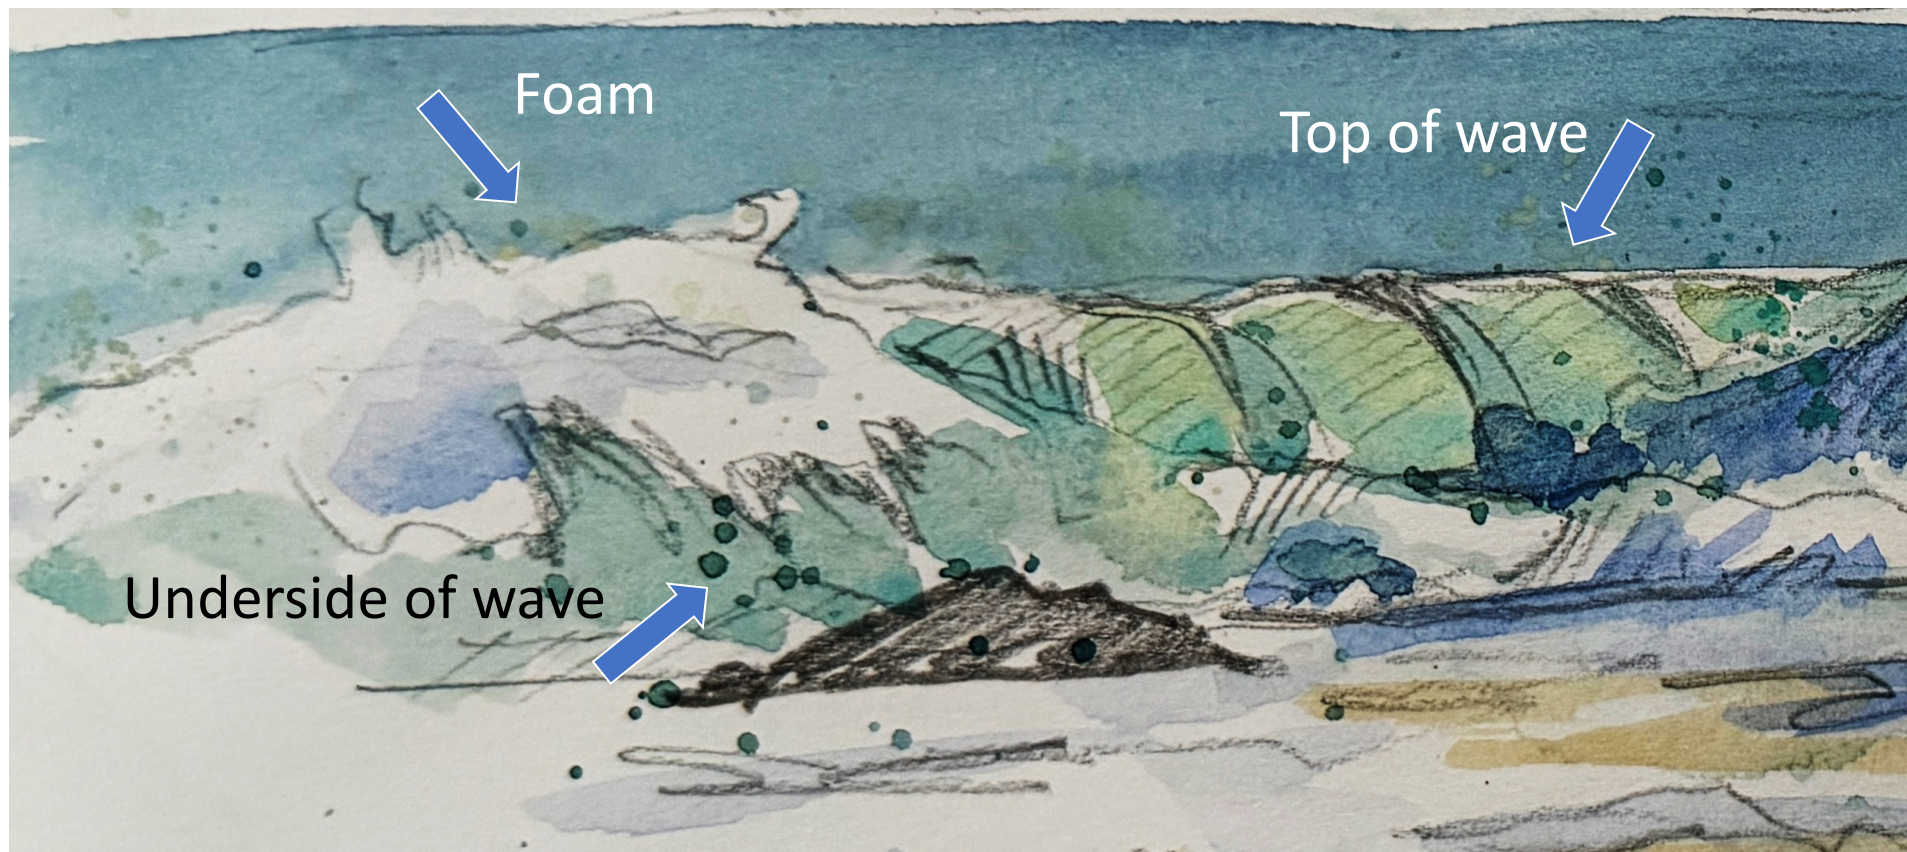

study waves - video is best

draw the wave

- where is the "top" of the wave
- where is the underside - is it darker?
- where is the foam/spray

Bluffs and Rocky Outcroppings

Keep it Simple

- What is the predominant Shape(s)?
- What is the predominant color in each shape?

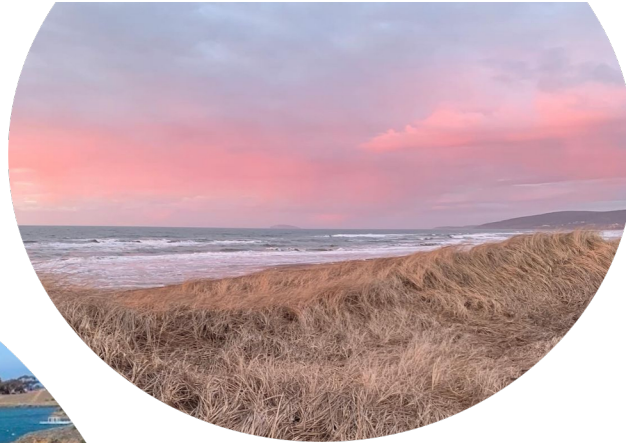

When it's
not
so simple...

Use a Flat
Brush!
