

Bible school
RESOURCES
at your fingertips

& 5 Ways to Access Them

from Anne-Geri' Fann

Just what I need!

Welcome!

And why on earth did I write you an entire ebook about which Bible school curriculum to use? WELL ... DOES THIS SOUND FAMILIAR?

You know you should find time to plan your Bible lesson, but you're struggling and tired of searching for an all-in-one answer from every last online resource ... so at one point, you feel like giving up, as you have come to decide you'll never find the definitive answer to the perfect curriculum.

Let's face it, there's nothing more frustrating than preparing a lesson for a class full of young believers, only to find out that you're not reaching them, they are playing on their electronics and engagement is dangerously low.

Maybe you've even tried bringing in a new face or getting the youth group to help you only to find out that it only lasts for so long. It's not quite working. And most curriculum is too expensive. Your students like you, but they are kinda bored. You spent weeks writing lesson plans and the kids are kind, but you haven't seen a single one of them become TRULY engaged in the content, TRULY engaged in the thing that changed your life.

The truth is that having the right material that targets your kids' in a way that can transform them would be a game-changer, one that would not only allow you to maximize your talents but to bring THE WHOLE CLASS (including you!) back to the CORE of why they are spending part of their Sunday time with scripture. Jesus.

You WANT lessons that will create engagement and thoughtful dialogue which will inspire them to reflect after class is over. Let's talk ...

just a tad more for you

Hi, I'm Anj.

I want to give you everything you need for your young students with a list of the very best resources from The Scripture Scout's [SUPERCHARGED SUNDAY SCHOOL](#).

And you can use these lessons with multiple ages! I want you to get your teaching mojo back in shape and do it in NO time with my easy "teach-by-number" printable lessons AND activities. I mean, you can achieve mega-preparation in one download without scouring the web for ideas or just giving up and opting to plug in a Christian movie (haha we all know if happens...).

Are you ready to stop struggling to be consistent with "teaching" and start highlighting your gift of exhortation with to a completely engaged class instead?

Yes? That's why I wanted to layout for you not only what all we have but all the different ways you can access it.

This little ebook gives you FIVE different ways the same material can be accessed by you for your Sunday school classes.

And I think you'll really dig it. *wink*

POWERFUL PRINTABLES

Why Use It?

The material in POWERFUL PRINTABLES is exactly the same material you would receive in SLEUTH FOR THE TRUTH.

We developed the POWERFUL PRINTABLES membership to be able to meet the needs of teachers who aren't able to purchase the entire 13-months package which is around 4 hundred dollars (depending on what that teacher wants to include in the package) or \$85-100 for one quarter.

This membership affords a teacher a small monthly fee with a 14-day trial saving over \$70 if they were to purchase the total curriculum.

The lesson and any related activities come within a week of teaching the class, sometimes sooner if that lesson will take a bit more lead time.

Read on to find an example of what would be offered each week.

POWERFUL PRINTABLES

*Pros
& Cons*

PROS

There are so many "pros" but here are some highlights.

- It's a lot cheaper! ;-)
- Get everything included in the entire curriculum
- Get new additions free as they are available
- Have personal access to the creator to answer any questions
- Get ideas from teachers also using these resources
- See many more advantages

[HERE](#)

CONS

If you really need a "tie-breaker" this might help, but it's really the only one!

- You don't get everything at once to plan very far in advance. You can only plan at least a week ahead. Material only comes once a week so you won't have the whole thing at once to plan WAY ahead.

one quarter at a time

ONE QUARTER AT A TIME...

great for churches, homeschool and team teaching

You can start with QUARTER ONE of Sleuth for the Truth, a year-long curriculum plan for Sunday school or home school, which includes all of the engaging midweek reinforcement lessons. The whole thing provides access to activities. Home school lessons, images, and centres can be tweaked with your own schedule. You make no commitment to move forward to Quarter 2, but are only trying it out.

FIRST THINGS FIRST (and the most important thing of all): Yes, this is the Old Testament, but you will always be able to find where a prophecy of Jesus can be found from each book in every lesson! That is the title and purpose of this curriculum. Jesus is all over the Old Testament, it just takes a "SLEUTH" like you and your students to find Him!

QUARTER ONE is a 100-page packet that includes an optional scripted lesson that is done-for-you and word-for-word. It's an amazing guided resource that you can tweak as you go.

OPTION 3

DO YOU WANT THE WHOLE THING NOW?

SHOULDN'T I JUST GET THE WHOLE THING?

Not necessarily. That is entirely up to you, but I know it is pretty exciting to have over a year's curriculum on hand at all times. This option is great for homeschools and for churches (especially if they are team-teaching or going through the Bible together).

What will happen if this is your choice:

1. you purchase it now (see #5 too!)
2. get the first quarter immediately
3. receive the 2nd within seven weeks
4. have quarters 3 and 4 sent to you within the first seven months
5. a 25% discount on the timeline (with #1, optional)

You will be able to access the first quarter immediately and then they will "magically appear" in your account as they are made available as per #s1 - 4 of the elements above.

There are not a TON of reasons to use this option, but we were asked by enough people that we made it available!

The name 'THE SUNDAY SCHOOL STORE' is displayed in large, bold letters. Below the name, it says '★ Following (22)' and 'United States - Tennessee - Hendersonville'. There are social media interaction buttons for 'Like', 'Share', and 'Save'. A banner image features a cartoon girl with a magnifying glass and the text: 'Discover the best tools for inspecting God's Word in SUNDAY SCHOOL & HOME SCHOOL'. To the right, there is a 'FREE DOWNLOAD' section with a 'DOWNLOAD NOW' button. At the bottom, there is a navigation bar with 'My Products (87)', 'Ratings & Reviews', 'Ask a Question', and 'My Profile'. A search bar contains the text 'Jesus'. Below the navigation bar, there is a 'You Selected:' section with the keyword 'jesus'. A large black arrow points from the search bar down to the text 'FIND SEVERAL THINGS...'.

For example, if you have been asked to teach a lesson to another grade level (these are all 3rd to 8th) and you find they've been studying Luke, you could look here and

OPTION 5

Biblical Timeline

[SEE IT HERE](#)

SHARE & TEACH

How about a timeline that stands the "test of time?" This wall poster is a curvy-linear, winding view of **God's relationship and history with the world from Genesis to Revelation.**

The chronological images from your lessons are ready-to-colour and can be placed on the part of the Bible you are in as you take a journey with the students. After you share each lesson you can take a student on a walk through the Bible, showing how THEY fit into the story!

It is exciting to watch kids understand the timeline of biblical events from Creation to the Church (and beyond!) and begin to fully appreciate God's Word and how **Jesus was in place from the beginning of time!**

This banner provides over 60 images of illustrated Bible events to show the 'golden thread' of JESUS through the history of the Bible. It is designed in conjunction with The Scripture Scout's Sleuth for the Truth Sunday school curriculum series, but can be used with your own curriculum

POWERFUL PRINTABLES and SLEUTH FOR THE TRUTH offer images, course, membership, & curriculum but this timeline can also STAND ALONE! [TAKE A CLOSER LOOK HERE](#)

WHAT IS THE BEST THING ABOUT USING THIS CURRICULUM?

You mean besides *implanting the word of God DEEPLY in the children?* ♡!!

Hey, I get it. You already want to do that. You just want to know 1) will it really help you to do that? and 2) if it's worth even a small financial investment. Here's your answer ...

1. It continuously **reminds the kids that JESUS is** the thread that not only weaves throughout THE ENTIRE BIBLE but that He is also **the thread TYING EVERYTHING TOGETHER**. For this reason why we call the first lesson, which you can get for **free**, "**THE GOLDEN THREAD**."
2. **You can use it over and over and over again and it's always NEW**. One church does it for each year with their 3rd and 4th grade class and rotates the activities each year so the kids aren't repeating anything. They also rotate when and who is doing the spoken lesson because it's so versatile and tweakable.

★★★★★ Extremely satisfied

I thoroughly enjoy this curriculum. It is very easy to understand and use. You can go deeper or keep it simple. I've gone from stressing over what to teach, writing up a lesson plan, including something hands on, to printing off a few pages that have everything planned for me. I not only love the ease of this curriculum, but so do the kids. What I love most is we are covering the Bible chronologically with loads of "hands on" scripture memory work....scripture memorization becomes game time. We just finished covering Genesis and I feel very organized, accomplished, and the joy of teaching has returned. Praise the Lord!

Hey, thank you so much for being here!

Having trouble deciding? Here's my opinion...

Thank you for your interest in this curriculum. Actually, I wouldn't call it "curriculum," really. I'd just call it "lending a hand." My mother first developed this method of teaching so that people could use the tools God gave them and not feel overwhelmed. Even the lessons that are here, even though they are on theme, are there for an if-you-need-this-while-teaching situation.

There is so much available that you can not only use whatever you feel lead to use but also use whatever is available for the age you are teaching - so many resources for one class could take a month or more to go over! Or not. Seriously. Use what you need. YOU are the teacher. This was all put together to INSPIRE you, after all.

If you would like **MY PERSONAL OPINION**, about **which option to go for** (knowing it's the same material!)...if it were me ...

I would get the **POWERFUL PRINTABLES MEMBERSHIP** if I'm trying to really save money and get more bang for the buck,

the **QUARTER BUNDLES ONE AT A TIME** if I am working with a church team and would like access to a lot of resources for the quarter (without having to buy the farm),

or possibly the **SUNDAY SCHOOL STORE** if I'm in a situation where I don't have a set curriculum, but I need a good download for resources once in a while when doing theme lessons and topics I need help with. Lots of activities get downloaded from The Sunday School Store EVERY-SINGLE-DAY!

Bear with me here, but honestly, we all need to be good stewards of the financial blessings God gives us no matter how great are small, so these are the ONLY reasons I would buy the **whole SLEUTH FOR THE TRUTH SERIES (4 quarters, lessons & activities)**:

1. your church is going through the Bible in a "[Look at the Book](#)" style
2. your church is footing the bill and supporting you every step of the way
3. you are part of a home school or home school co-op that wants curriculum for an entire year upfront
4. your Christian school is looking for an excellent curriculum where each lesson and included activities can be easily tweaked and spread out over a week

I would get the **Biblical Timeline** at any part of your teaching journey. It's AMAZING, teaches itself, and worth every so much more than the dollar amount.

Get the PRINTABLES, SKILLS, INSTRUCTION, and confidence you need to inspire a classroom full of kids who WANT to come to church, homeschool, or even traditional school to do the oddest thing -- to learn more about Jesus! *wink*

And yes, it can be done with no stress ... often, in seconds ... you'll develop the skills you need to take you from stressed and overwhelmed to calm, confident, & remembering just how much you love Jesus! That last one is everything. Just my two cents ...

YOU'RE GONNA WANT THIS (IT'S FREE!):

Thank you for reading through this whole thing, friend!

Take up your scout's magnifying glass and find JESUS in the most interesting places - even in Genesis! Get ready to Sleuth for the Truth!

IN THIS FREE LESSON YOU GET:

- 2 lessons (possibly Sunday and midweek class) lessons about finding Jesus in every part of the Word of God.
- A Biblical Timeline (legal size for students) and corresponding images for at least a quarter...
- The Bible Arc Activity Center

There is SO much included in this lesson (a lesson, printables, activities, and the timeline to set up the whole story!)
