BMTD broadcasts from three locations in Union County and the Baker Valley area. Mt Fanny, above the city of Cove is our main broadcast site. Mt Harris east of Imbler and Mount Beaver south of Baker City also broadcasts most channels. The best reception will be an external UHF antenna. A separate pre-amplifier may be required depending on your location. Visit www.antennaweb.org to learn more about the equipment needed for your location! This is the most common type. We have a small inventory in our offices or we have the names of independent contractors who can fully install and set up for you. Contact us for more information. Remember that everyone who uses the signal is required by Oregon's revised Ors Statute 354.690.1) When the county regularly broadcasts television signals through translators and every property within the district receives those the owner of the property receiving the signal will be liable to the district for service charges. The fee can be paid by the lessee who uses the signal, not the owner of the property.
