Announcements

- New Quarter 3 Content:** A few months early, we've added 96 questions based on 48 recent peer-reviewed journal articles. [View the article listing.](#)
- The Quarterly Questions article library houses more than 120 peer-reviewed selections that you are invited to read. [In this video](#), ABO CEO Dr. George Bartley discusses his favorite articles from recent years.
- The ABO extends its sincere thanks to the 61 diplomates who volunteered to write and review article-based content on a shortened schedule this year.
- Special COVID-19 Articles:** Three timely articles on coronavirus and public health are available to read under the [2020 Quarter 3 section](#).
- Thank you to the volunteers who contributed their knowledge and ophthalmic expertise to the 2019 Exam Development Meeting.
