

## **Controlled Methods Test (CMT) – Update: March 25<sup>th</sup>, 2022**

*(This is your weekly update regarding the Controlled Methods Test (CMT) sent to you from the TKPOA Owner Communication Working Group (comprised of volunteer Homeowners). We are committed to providing our fellow TKPOA Homeowners with these weekly updates as the ultimate schedule for the CMT remains fluid and is significantly dependent on weather, environmental and other factors that are largely out of TKPOA's control.)*

**3/31 Open House Update:** TKPOA is hosting a CMT Question and Answer session at the TKPOA Pavilion that you can also attend via Zoom on March 31st from 6-7 pm. The agenda will include a CMT project overview with a Question and Answer session. Please head to 356 Ala Wai Blvd., South Lake Tahoe, CA or follow the Zoom link below to attend the open houses.

**Please note this is an UPDATED link. Use the new link below to access the 3/31 CMT Q&A session.**

**CMT Site #14 Comment Submittal:** The TKPOA has asked Lahontan to approve the move of one “herbicide/UV-C combo” site (#14). This was requested as part of our APAP (aquatic pesticide application plan). For details on the request, please see section 3.2.2 of our APAP (aquatic pesticide application plan) which can be found at [www.keysweedsmanagement.org/cmt-project](http://www.keysweedsmanagement.org/cmt-project). One notable benefit of the proposed change would be a material reduction in the size of “restricted test area A.”

It'd be greatly appreciated if you could submit a comment to Lahontan supporting our requested relocation of “combo site” #14. There is a 30 day comment period. The Lahontan Water Board will accept written comments on the amendment to the APAP until **5:00 pm on April 1, 2022.**

Comment letters may be submitted electronically, via email, with the subject “Tahoe Keys Weeds Control Methods Test – APAP amendments” to the following e-mail address: [lahontan@waterboards.ca.gov](mailto:lahontan@waterboards.ca.gov)
