Here you can find the changelog Beijing Metro Map 2018 as it was posted on our website for 2018-02-25. The latest version is 2.4 and has been updated to soft112.com 2020-08-24. See below changes in each version: Beijing Metro Map PDF File Download printed beijing_subway_map Beijing Metro Map Image file Beijing Metro Map PDF Beijing MTR Map Official website : TICKET PROBLEM About TicketWhat's calculation for Beijing Metro metered fares set December 28, 2014? How long are passengers allowed to stay in the non-free metro area for one trip? Measured fares are used for the city's rail transit (exclusively rail transit to the airport express line). For passengers travelling between 0-6 kilometers, the ticket price will be RMB3, 6 to 12 km (including 12 km) costs 4 yuan, and 12 to 32 km (including 32 km) costs 6 yuan, if their mileage exceeds 32 kilometers, each 20 km costs 1 yuan. There is no ceiling for fare. Passengers are allowed to stay in non-free locations for no more than 4 hours on each trip. Is there a discount on tickets in the Beijing metro? Who is eligible for the discount? For users of the all-purpose card of Urban Rail Transit, a 20% discount is granted for each trip after 100 yuan in total was paid through the card for 1 month (calculated from the 1st day of the month), and a 50% discount after 150 yuan; after 400 yuan has been paid, no discount is granted. How to buy a single ticket? Common single tickets are sold in TVs and box offices. TVMs accept 1-yuan coins, 5 yuan and 10 yuan banknotes. Please use TVMs as instructed. What are the instructions for using a single ticket? It should only be used by one person for one trip (without entering the card by conducting the turnstile more than once) on the current day. How can a passenger without a ticket or a damaged ticket get out of the station? Passengers must only buy a ticket for departure at the highest price of tickets sold at such a stop to leave the station. What is the treatment to enter / with a fake ticket, an invalid ticket, a fake ticket, no ticket or fraudulent use of another free ticket permit? The tenfold highest price of a single ticket is paid as a fine for entry/exit from non-free zones with a fake ticket, an invalid ticket, a fake ticket, no ticket or fraudulent use of another free ticket. How can I get a bill for one ticket? The station provides a valid certificate for refunds at the request of the passenger who provided the valid ticket of the current day. When a passenger requests a refund certificate after buying a ticket via TVM, the station employee first reads out the ticket information and then provide a certificate of refund corresponding to his or her ticket price if the ticket is sold on the current day at the station. What is the fare that exceeds the permitted hours and allowed mileage? Rail passengers are allowed to stay in non-free zones for no more than 4 hours for each trip. In the case of extra time, 3 yuan (the lowest ticket price) must be additionally charged before departure.3 yuan (lowest ticket price) is charged for the extra time of one ticket, and additional mileage will be charged in accordance with the actual excess of mileage. In the case of both additional time and additional mileage, the fee will include both fees for extra time and additional mileage. Once extra time or extra mileage is charged, the passenger exits by paying it or heron-exceeding the mileage. Payment through the amount deposited in all card assignments or cash payment is accepted to delay the purchase of the ticket. If the accumulated amount through the card has reached the amount qualified for the discount, the discount is granted when the deposit amount is paid, while cash payment is not entitled to a discount. All destination cards (public transport maps)How can I buy all the destination cards? Maps are sold at all Beijing metro stations. You do not require a certificate or license to purchase the card and a deposit of 20 yuan is paid for the card. The first deposit amount on the card should not be less than 20 yuan, and only the amount equal to the integrated multiple of 10 yuan is accepted for replenishment. (There is a 20 yuan deposit, and 20 yuan minimum for your first charge. How do you understand for all cardholders who request a refund certificate by providing a valid card purchase document? The station provides a certificate of reimbursement for the cost of the card if it is requested by the owners of the entire card, providing a valid document for the purchase of the card, and the note that the invoice has been issued must be included in the Certificate. No invoice is provided on the deposit. What is the treatment when passengers request an invoice Recharging printed by a self-service device? When passengers are requested an invoice by providing his or her refill to a slip printed self-service device, the station worker must check and made a comment on the sheet before providing a valid invoice with the appropriate amount; No invoice is provided if the receipt is untrue or untrue when you top up the card. No more invoices are provided if the note to the receipt states that the invoice has been invoiced. Does the all-destination card allow an overdraft? Entry is allowed if the balance of the card is more than 3 yuan (the lowest ticket price), and the overdraft is allowed once for exit. The overspent amount will be repaid when the bill is replenished. Are there any requirements for refunds and refunds? Only cards with a deposit amount of no more than 100 yuan (exclusive 100 yuan) have full transaction records, readable information and a good appearance without any physical damage (scratching, fracture, bending, stamping, dunk, extra film) are accepted at stations for card refund and refund. The number of cards to return and return each time can not be more than 5. In the case of incomplete transaction records or any overdraft, full transaction reports or overdraft redemption must be received or made before the card is returned and returned. Which stations on the 15 Beijing metro lines handle the return and return of all special cards?
