Keep up with the latest daily buzz with the BuzzFeed Daily newsletter! Keep up with the latest daily buzz with the BuzzFeed Daily newsletter! Dave Hogan/Samir Hussein/Getty Images Nick Jonas has come a long way since his days on the Disney Channel when his floppy mop of curls, smoldering frown, and a dreamy voice swept young Miley Cyrus off her feet. For starters, the Sucker singer is married to one of the most beautiful women in the world, aka Priyanka Chopra. He is also back to perform with Jo Bros after releasing several solo hits. And just as his love life and music career have matured, so too is his appearance, especially in his stylish mane. Keep scrolling to see how Nick Jonas hair has evolved over the years. 01 of 08 Dave Hogan/Getty Images In the early days of his popularity, around '08, Nick wore his curly dark brown locks in long, tousled layers that every Jonas Brother-loving fan fell for (and with good reasons, we could add). This shaggy proves that the casual look does not sacrifice a good style. 02 of 08 Jean Baptiste Lacroix/Getty Images Next up, Nick cropped his curls a little closer to his head, but they were certainly a very big part of his signature boy band singer aesthetic. While [|curlyhairstruggles](#) are real, Nick makes having curly hair look effortless, and if we're to be honest, giving us some serious hair envy. What are your style tips, Nick? Oh please teach us your ways. 03 of 08 John Shearer/Getty Images While he's clearly got a big head of hair, Nick has never been one to seem cocky about it, no kind of fuss over it much. Here, he rocks a little messy, surfer dude-esque style that we've sure won the hearts of many. Side note: He probably uses a curl defining hair cream here to add separation, and it works. 04 of 08 Noel Vasquez/Getty Images This particular cut was a game-changer nick mention of a great celeb makeover moment because it was his first real foray into the world of short hair. Although it was shocking at first, fans quickly came to love their new sophisticated do. 05 of Rachael Murray/Getty Images Although it's not clear whether Nick went to the stylist for that cut or if he grabbed a pair of clippers and buzzed his head home, there's no denying this one was a big move for the singer. Fans wept, record execs panicked- it was the buzzcut that rocked the world. Some might say it was a move for Nick from boy to man, but we just thought it was an amazing way to shock everyone. 06 of 08 Kevin Winter/Getty Images Then came a tight fade. The hair at the sides and back is cut short and tapers into the hair on top. Here's a soft contrast between the scalp's side effects and a slightly longer top (though still long enough to allow his texture to show) set on nobriedušu izskatu. 07 no 08 Frazer Harrison / Getty Images Vél viens fan-favorite fan-favorite Nick's sported is known as a classic cone. Here, his hair is inverted aggressively short on the side and back and merges a few inches up. His hairstylist will probably use a light pomade to add shine and help tame any flyaways. 08 of Samir Hussein 08/Getty Images Who could forget Nick's iconic pompadour days? Not us, that's for sure. With pomp, the hair is shortened to the side and left with a significant length on top. If you are looking to pull this out, be sure to invest in the right products and tools. Nick usually wore it sleek and slicked-back, which of course made many heads turning red carpet moments. Actor/singer, Nick Jonas, 26, and actress Priyanka Chopra, 36, are one of Hollywood's latest love stories. They had a wedding extravaganza in India for long days with two wedding ceremonies. Nick Jonas's Instagram Way Nick Jonas and Priyanka Chopra met embody dating in the 21st century. Jonas sent Chopra a direct message (DM) on Twitter on September 8, 2016. That's right, Jonas slipped into Chopra's DMS. In an interview with Vogue in December 2018 with the now married couple, they discussed the early stages of their relationship. DM to Chopra said: I'm hearing from some mutual friends that we should meet. To which Chopra responded (the same day), my team can read this. Why don't you just send me a text message. As Jonas reads it to DMS, she exuberantly says: Boy got a number! Before this exchange Jonas sent a text to Chopra's Quantico co-star, Graham Rogers, whom Jonas also knew from carefully what you wanted. Text read, Priyanka. I'm wow. Jonas told Vogue. That's not the way I talk. How do Nick Jonas and Priyanka Chopra meet? The first time Jonas and Chopra met in person, Jonas got down on one knee. They both attended the Vanity Fair Oscars party in 2017. Standing at the bar, Jonas saw Chopra. And I put my drink down, Jonas told Vogue, get on one knee – it's in front of a bunch of people – and I say, You're real. Where have you been my whole life? Loud. Chopra took a flight to catch to India and was given Jonas five minutes, which turned into a couple of hours, Chopra said. They had a drink after party and ended up at Chopra's apartment, where Jonas patted Chopra on his back. Nick Jonas on the red carpet 2019 | Axelle/Bauer-Griffin/FilmMagic Nick Jonas salary on The Voice As writing, his official salary has not been announced. But based on his career and experience in the industry, StyleCaster estimates that Jonas takes home between \$8 million and \$10 million a season. Given that the show films two seasons a year, it means Jonas could make up to \$20 million a year from The Voice alone. Impressive. It was announced back in October 2019 that Jonas will join The Voice in its 18th season. Months later, On February 24th, he made his highly anticipated debut on the show. Although he's still around and getting a feel for the series, Jonas seems to be having a blast – and that's seemingly all but confirmed that he will return for upcoming seasons. It's such an awesome group of individuals and I can't wait to help these artists really build and enjoy to find their unique voices. Blake Shelton's salary for The Voice of Shelton has appeared on the show since the beginning and has made quite a lot of money throughout the years. Although his salary in previous seasons is uncertain, in 2016, it was reported that the country music star earned an agreement with NBC for \$13 million a season. Read more: The Voice: Fans Reveal the Worst Of What's Happening with The Show Jonas Brothers made their comeback as a band earlier this year with their first post-hiatus singles Sucker and Cool, and now, they're helping the insuors, returning something else deeply beloved from many of our childhoods: Nickelodeon sketch comedy series, All That. According to a press release from Nickelodeon, Kenan Thompson's production sketch show will return on Saturday, June 15, with the Jonas Brothers (that's Joe, Nick, and Kevin) as the show's first musical guests. Per release, the brothers are set to perform their song Sucker. It's worth wondering if they'll adapt some of the more adult lyrics (stumbling from bars come to mind) to appease the younger audience. After all, the Jonas Brothers aren't for the tweens anymore – literally all of them are married now. Fortunately, nostalgia-ready grown-ups excited to see JoBros and their fave former sketch stars in one place certainly won't mind adult content. According to Nickelodeon, legacy cast members Kel Mitchell, Lori Beth Denberg, and Josh Server will all appear on the Jonas Brothers episode, with a new cast list to be released later. It's surprising that the Jonas Brothers have chosen the guest star of the nickelodeon series as one of their first major television show gigs since the reunion. The trio got their start on the Disney Channel, where they worked alongside stars like Demi Lovato and Miley Cyrus. They even had their own series, Jonas, which this writer watched in its entirety. (Stella and Joe forever.) So who is the next Jonas Brothers? A nationwide tour that is ideal for both new fans and jobs. I don't think we have enough new songs to do a long show, Joe Jonas told E! Messages. But we're a lot old. New meets nostalgia? Consider the tickets we buy. Obtained.
