The following email to me and the person asked that his email not be made public. This person's thoughts are very credible and I personally see the truth in it (if you have knowledge of the spiritual world/occult, then I'm sure you will too) Here's dirt on Maxine and JoS. We all know what the word is. Christian preachers, cult leaders and indigenous shamans with deities are therefore all over the world. The energy of thought gives them strength. The constant thought makes them more and more powerful. You know what Maxine uses for her demon army and Lucifer and everyone else she works for? A thought-shape matrix. And by utilizing the faith and mental energy of others, he strengthens his thought matrix and its components. These are not spirits, but beings who act on his behalf as his personal slaves. And as he takes the minds of individuals into this, he is increasingly surrounded by his own fantasy of thought form, engulfing others in his mind-looking and the constant exploitation of innocent beings so that he can see what is really happening. If spirits work with him, they are spirits of hatred, hatred, destruction, manipulation, control and anarchy - not at all like the creatures he declares himself working with. His own old man has led him to believe he's dealing with a real deal. Proof of this is simple: without any preconceptions about being, just try to contact it - using spirit names you will find the real one if it decides to respond. Why can't so many JoS members communicate with Lucifer and others? Well, that's partly because of energy incapacity, and the second part is because they use preconceptions about being, which changes the point in the message and who receives it. With Maxine's tendencies, they focus on his forms of thought, not real beings. In the same way that if you invite an angel to think that he is evil, the creature you speak or appeal to is evil - a form of thought. If you don't use preconceptions, the creature will introduce himself as he really is. The key to true enlightenment is not thinking about things and believing in them - it's accepting the possibility that they're not what you expect, and experiencing the truth without assumptions (which just block the true image of truth for your mind and eyes). The moment we stop being things and start learning them instead of inventing our own fake fantasy world, we start living in the truest sense of the word. When we assume, we close our minds to what is and believe in what we believe to be beyond reality. This classifies the exploitation of Maxine and his faith progress and disinformation. So, as he is. Is. By destroying the present and future of naïve people, we either take a stand and fight in our own ways, or let others take our fall for our neglect. I think the best way to show people the truth is to slam the truth in their faces, to a point where they can no longer reject it. The term thought form does not appear in JoS for a reason: if people learned about JoS, they would know that they are all just power-hungry weak, weak in search of real power, instead leeching the power of others, because of their own abilities. If anything, we see that their line of thought Tiamat, Lucifer, Enki and so many others do nothing but buy them time for now - when they find that they are making them thought forms, with a false presentation and make others believe what they are saying... I'm pretty sure the Tiamas and the others will be furious and arrest them. This is for all teens for Satan members who are unaware of the lies that Maxine Dietrich aka Andrea Herrington is spreading... To the members of Satan's joy, you're old enough to make your own decisions about what you want to believe. The information below has been kept secret from many teenage members. Because many people ignore the Nazi beliefs of Satan's clergy joy and their websites, I want people to know what is going on and make informed decisions about what they should do next. This is especially for teenage Satan members, as this information is kept hidden from them... They deserve to know the truth, too! And to all these Nazi members... teens are shown this website and learn the truth, so you can't just keep it a secret, you can't claim that you're not Nazis. Your lies have gone on for far too long... Since JoS preaches that the Holocaust was a complete hoax created by a Jew, I have a question for all of you: If you were face to face with one of the people in the concentration camp who still has this number tattooed on them... What can you honestly say to them? Could you stand there and tell me it was all a lie? Just a little thinking... Here's the future of JoS. This group was created by a member of the black sun yahoo group and I'm sure people have seen this emblem many times before, maybe you should take a look at this and wonder where if Satanism is really going... Now come on, people... I've put this up for people to see, but does anyone really look at what JoS is preaching? Does anyone really look at this stuff and think... Wow, that's not right! Not! Everyone's still saying Satan's right, and JoS is right. Wake up and see what you're involved in! Satan's joy = Nazism, racism, black & Jewish beating. The aim of all development is to use it for hatred and the destruction of people, you honestly think that if Satan created humanity (and yes, which would also apply to Jews!), he would openly turn around and say, Yes true. I want a unified religion and I want all my children to believe in me... but it's ok if you kill a Jew, or hit black, etc. JoS tells people that Satan is selective in creating his humanity, but on the other hand they say he created mankind, which one is it? Did he create all mankind, or did he create only a few (non-no reptiles), all of whom happen to be members of JoS? Now think about this.... JoS members are the only ones who appear to have been psychologically attacked by angels and grays. Astonishingly, of the 6 billion people in the world, only JoS members are targeted? Isn't that a little weird? I just want people to open their eyes and see the truth of JoS, see the hypocrisy of what they teach, ask 1 person and they tell you one thing, ask another and they tell you something completely different. How can this be such deversent information when it's a direct connection from Satan? Again, I leave you food for thought: If you were face to face with one person in a concentration camp who still has this number tattooed... What can you honestly say to them? Could you stand there and tell me it was all a lie? Now a screenshot of a Nevermores post amazingly taken away from teenagers for a group of satans, you can see that when a member's teens posted this link on the forum, the post is #18511. You can only find post #18510 & #18512. This is the only remaining evidence sent via email, you can ignore it if you want, but it's still something to think about Okay, this is for all members who refuse to believe that there are other satanic sites/groups/churches that think Satan's joy is a load of... Here's a screenshot that proves just that, and I'm sure there's more to come... This is a group for African-Americans for Satanists Most of us here were kicked out of Satan's joy because they were black. We thought we'd join an African-American Satanist group until Maxine removed us. Anger is ugly. The massacre of and Jews is not Satan's custom. To see the true ugliness, visit the worst site on www.666blacksun.com: this should not be tolerated! Black Power Satanism His Nazi groups are: Black Sun:- Black Sun Advanced Satanism:- Advanced Satanism There is also a website for Black Sun Yahoo! Group: 666 Black Sun This is yet another JoS-related Nazi group, one of their Black Sun group members created it for the Satan soldiers Christian Teen Club, I wonder all why on earth I put a screenshot of a Christian teen club... well everything will be revealed, see the following screenshot Now, look at these messages, these things happen every day a reminder to this group, makes you wonder where all the private Christian members come from... Isn't that more information about Enki on Satan... Enkin and Satan's connection is flawed. Enki is the Sumeric Creator God of mankind, satan yet is fallen angel Nephilim and considered an entity the ultimate evil ... JoS has just said that Satan is really good and Christians lied, Maxine and her HP haven't given real answers when people ask these questions... Maxine has only read a book written by someone who was a journalist and then preached these same teachings. The book is written by Zacharia Sitchin and is titled: Enki The Goetia & The Al-Jilwah's Lost Book... Al-Jilwah is from Anton Lavey's book Called Satanic Rituals. It's copied word for word to Maxine's website and he's used these as satan's teachings, even though the author of the book didn't believe in Satan at all. The 72 goths marked on Satan's joy website Hell's Demons are from the book Goetia: Solomon's Smaller Key... Maxine has done nothing but slightly their descriptions and changed her appearance to fit her Nazi beliefs.
