## Vcredist\_x64\_2008\_sp1\_x64.exe

Download Now Secure Download Complete Specs Category Developer Tools Subcategory Specialized Tools Operating Systems Windows 2000/SP 4, Windows XP/2003/Vista/Server 2008/7/Server 2003 x86 R2 Additional requirements No file size 4.02MB File title vcredist\_x86.exe Total downloads 87.493 Downloads Last week 409 License Model Free Limits Not Available Price Free Report a problem to solve this problem, download and install Microsoft Visual C'2008 Package Services 1 Redistribute the ATL security update package and then reinstall the Norton Family customer. Download and install Microsoft Visual C'2008 Security Update Go to Microsoft's webpage to download Microsoft Visual C e 2008 Pack 1 Service Redistribute the MFC Security Update Package. Depending on the Windows version, do one of the following: for Windows 7 or Vista 64-bit, download the file. For Windows 7, Vista or XP 32-bit, download the file. Double-click the file you downloaded. If you see open File - Security Warning, click to continue. Follow the instructions on the screen. Once the installation is complete, the Norton Family is reinstalled. Browse solutions, look for Norton communities, or contact us. DOCID: kb20100708150228EN Operating System: Windows Last Modified: 04/17/2020 Process known as VC\_redist.x64.exe is owned by Microsoft Visual C software (version 2015 Redistribution, 2017 redistribution) unknown. Description: VC\_redist.x64.exe is not essential for Windows and causes relatively few problems. VC\_redist.x64.exe is located in subfolder C: ProgramData (mainly C: ProgramData Package Cache'e46eca4f-393b-40df-9f49-076faf788d83). Known file sizes on Windows 10/8/7/XP are 530,464 bytes (50% of all cases), 786,424 bytes or 530,400 bytes. The app has no description of the file. The file is digitally signed. The process is downloaded during the Windows download process (see registry key: MACHINE-RunOnce). File VC\_redist.x64.exe is not a Windows file. Therefore, the technical safety rating is 33% dangerous. Removing this option: If there are any problems with VC\_redist.x64.exe, you can do the following: 1) safely remove the program by removing Microsoft Visual C' 2015 Redistribution or Microsoft Visual C'2017 Redistribution (Control Panel) 2) consult with Microsoft Customer Support. Recommended: Identify VC\_redist.x64.exe errors If VC\_redist.x64.exe is in the Windows folder for temporary files, the security rating is 46% dangerous. The file size is 530,464 bytes. There is no description of the program. The program is not visible. VC\_redist.x64.exe is digitally signed. It's not the main file Important: Some malware disguises itself VC\_redist.x64.exe, especially when located in the C: Windows or C: Windows-System32 folder. That's why should check VC\_redist.x64.exe on your computer to see if it is a threat. We recommend a security manager to check your computer's security. It was one of the best download picks from The Washington Post and PC World. A clean and tidy computer is a key requirement to avoid problems with VC\_redist. This means running malware scanning, cleaning your hard drive with 1cleanmgr and 2slf/scannow. 3uninstalling programs that you no longer need, checking Autostart programs (using 4msconfig) and incorporating 5-automatic Windows update. Always remember to perform periodic backups, or at least set recovery points. If you're experiencing a real problem, try remembering the last thing you did, or the last thing you set before the problem first appeared. Use the 6resmon command to identify the processes that cause your problem. Even for major problems rather than reinstalling Windows, you better repair your installation or, for Windows 8 and later versions, performing 7DISM.exe/Online/Cleanup-image/Restorehealth commands. This allows you to restore the operating system without losing data. To help you analyze the process VC\_redist.x64.exe on your computer, the following programs have been helpful: ASecurity's task manager displays all Windows tasks, including built-in hidden processes such as keyboard and browser monitoring or Autostart records. A unique security risk rating indicates that the process is a potential spyware, malware, or trojan. BMalwarebytes Anti-Malware detects and removes sleeper spyware, advertising software, trojans, keyloggers, malware and hard drive trackers. acdseecommanderpro8.exe pdtguide.exe them.exe VC\_redist.x64.exe dvbvservice.exe amazonappie.dll pmropn64.exe dblaunch.exe mrtmng.exe wwatcherlsp.dll tdmiconoverlay.dll Windows XP/2003/Vista/Server 2008/7/Server 2003 x86 R2 Additional requirements No file size 4.02MB File title vcredist\_x86.exe Total downloads 87.493 Downloads Last week 409 License Model Free Limits Not Available Price Free Report Problem to solve this problem, download and install Microsoft Visual C'2008 Package Of Services 1 Redistribute the ATL security update package, and then reinstall the Norton Family client.
