💥 PROBLEM:

Wrong lighting
size, poor fit

💡 SOLUTION:

Cut-to-size
aluminum
profiles for a
perfect match.

 **Problem #3: Too many parts from different suppliers**

Solution: Full kit in one box – LED, profile, sensor, power supply

Problem #4:

Low lighting quality, bad look

Solution: Uniform glow
with high-CRI COB strips

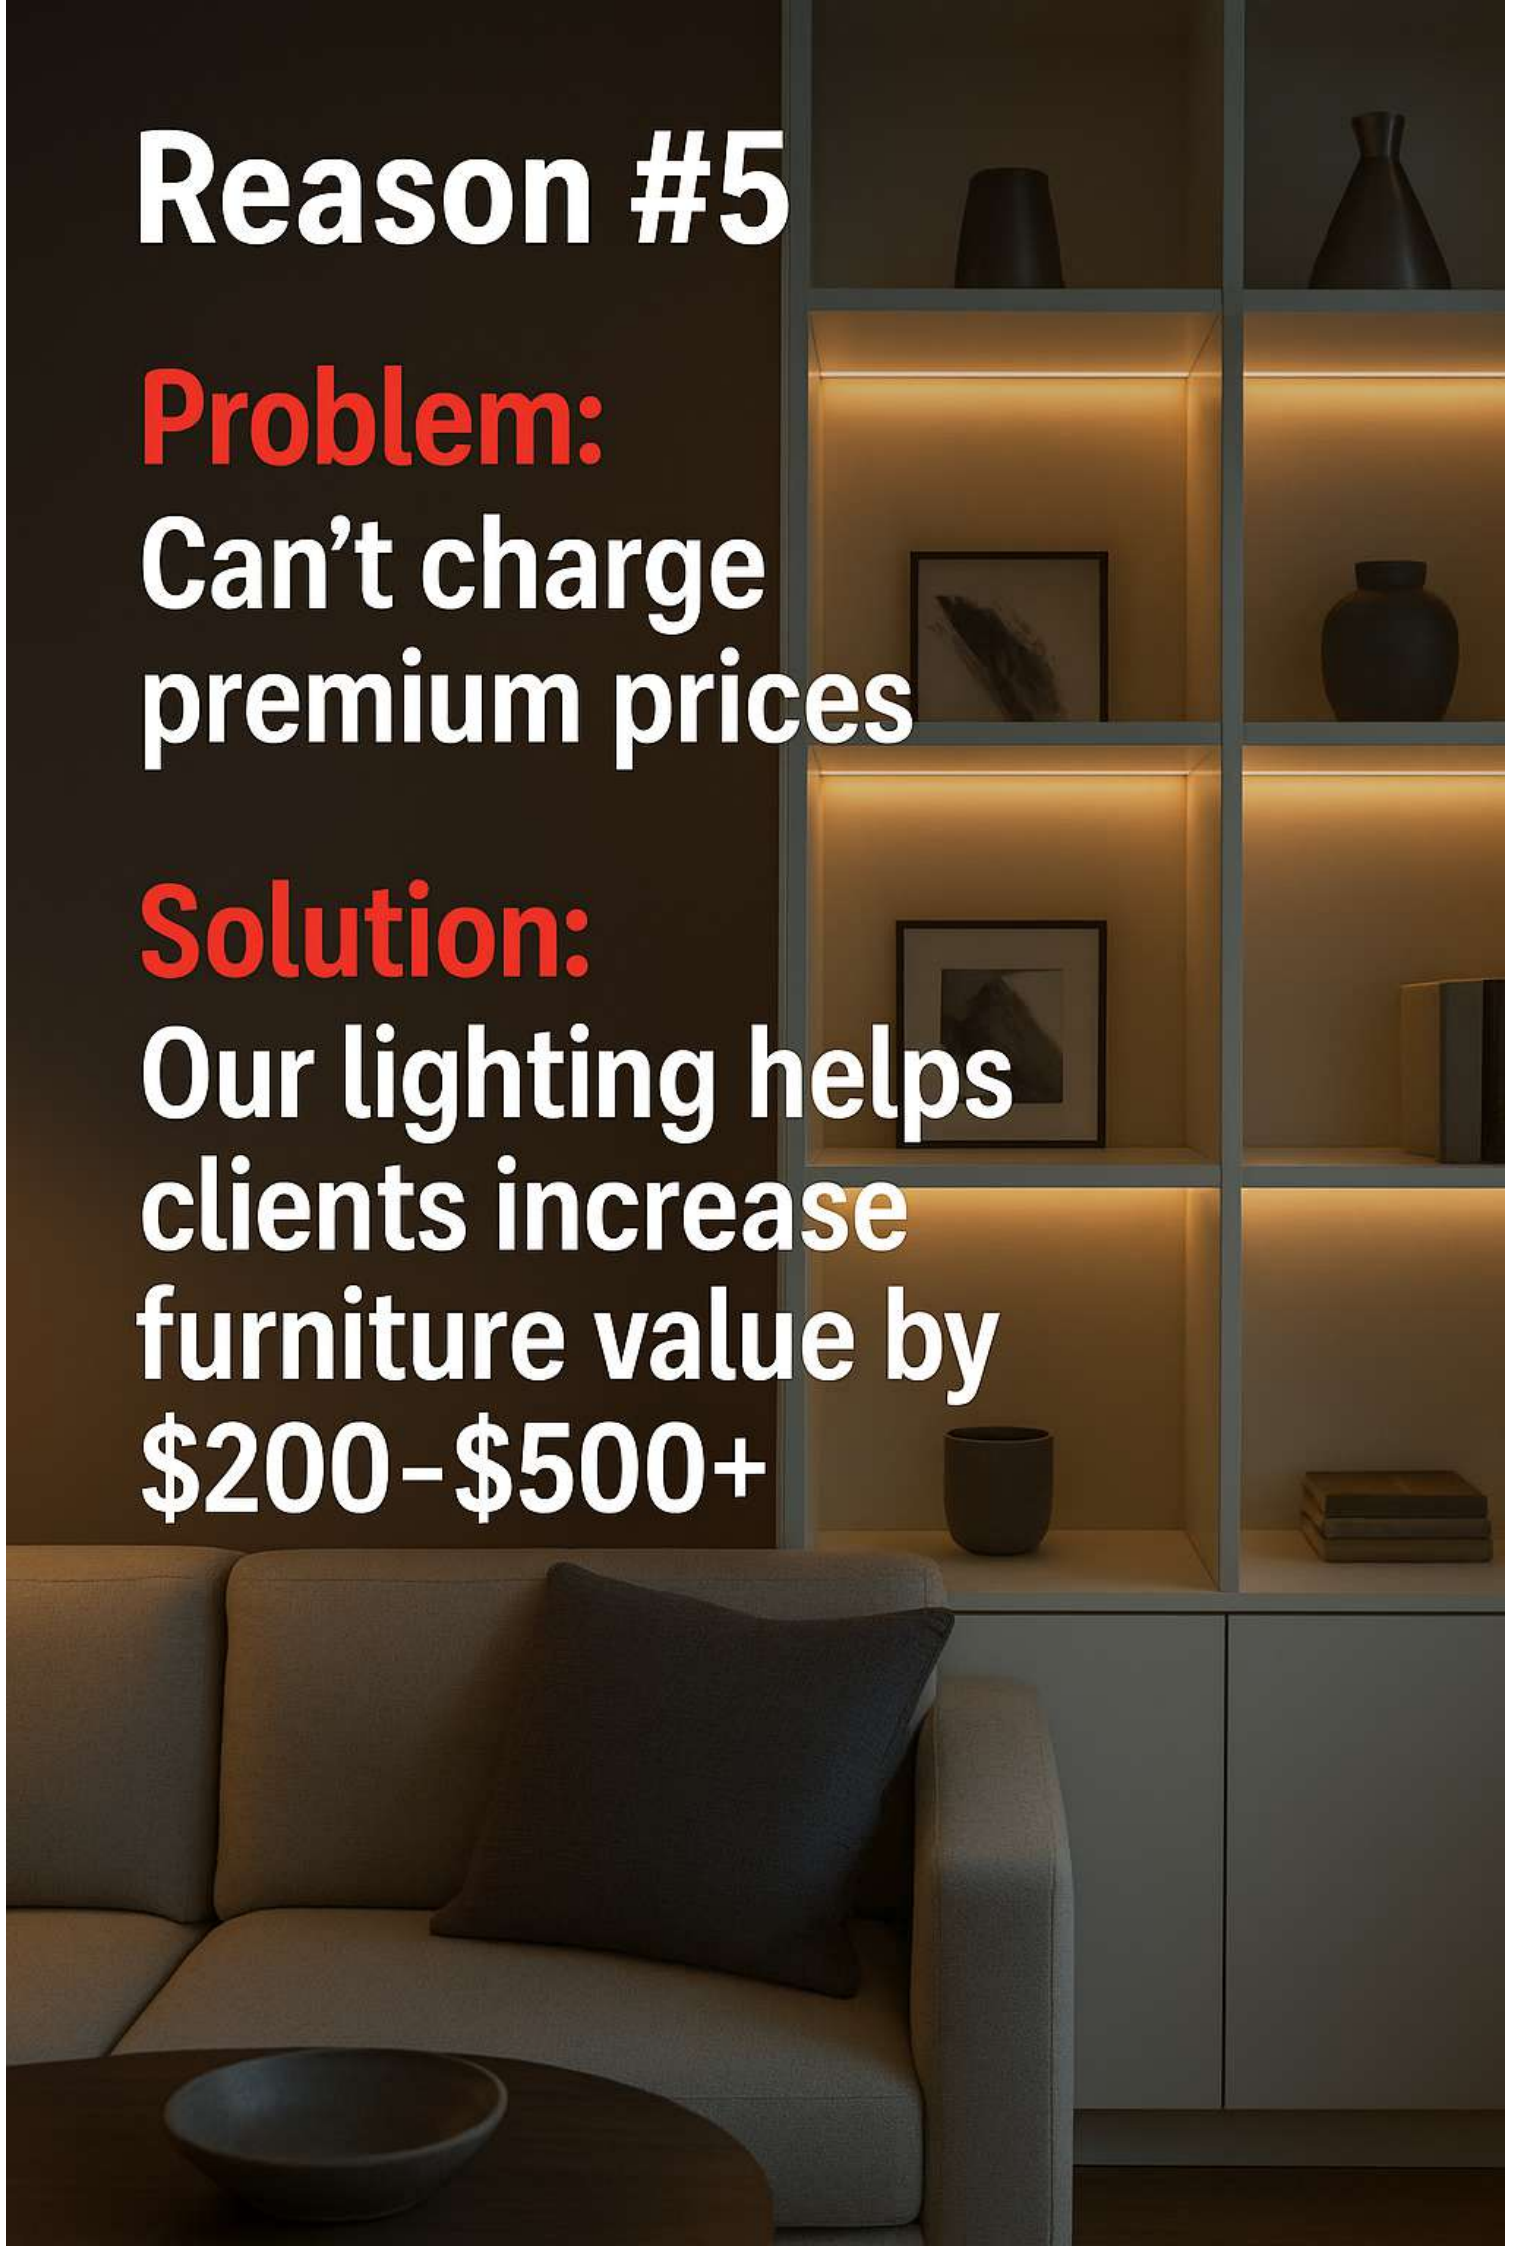

Reason #5

Problem:

Can't charge
premium prices

Solution:

Our lighting helps
clients increase
furniture value by
\$200-\$500+

Make More with Every Cabinet – How Our Lighting Kits Boost Your Profit

One plug & play kit helps our clients earn \$200–500 more per furniture unit.

	Without Lighting	With Lighting
Factory Price	\$250	\$49.9
Kit Cost	–	\$50.9
Shipping Cost	\$0	\$799–9999
Total Cost	\$259	\$449–649
Profit	\$249	449–646

One \$49.9 kit can unlock \$200–500 in extra profit. You assemble the cabinet – we handle the lighting.

“We charge 30% more with lights. Customers love the effect.”

“Lighting made our booth stand out – we closed more deals.”

“It’s plug & play. Our workers install it in minutes.”

Let us show you how your furniture can shine – and sell for more.
