## ABOUT THE STRENGTH & BEAUTY PROGRAM

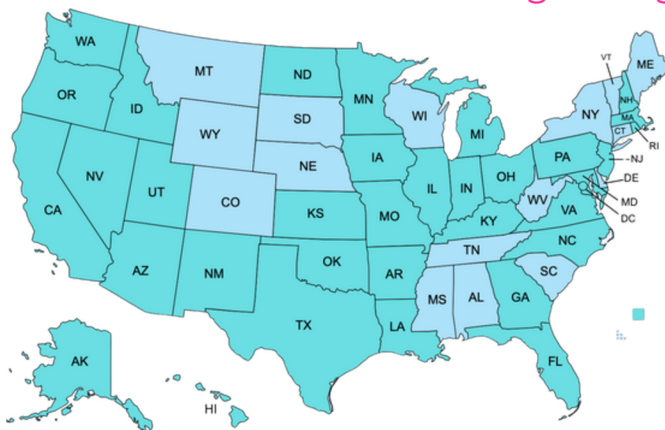

This program originated in 2020 when patients were isolated, endangered and alone through cancer treatments due to the COVID pandemic. Each Strength & Beauty Kit is designed to be a small but incredibly powerful reminder to the recipient that she is strong, fierce, beautiful and amazing.

Hospitals, cancer centers and non-profit organizations can request Strength & Beauty Kits by working with the Fighting Pretty team to discuss sponsorship and donation opportunities.

## WHAT'S IN A STRENGTH & BEAUTY KIT?

Each Kit includes items that help women feel like women, not like cancer patients:

### Mini Gloves of Strength

We typically provide our "knockout pink" but also have lavender, teal, black and gold. Our signature symbol is a reminder to never give up

### Fighting Pretty Inspiration Cards

We include a message of hope and strength, as well as information on getting further connected to the Fighting Pretty community.

### Love Letter

Postcards are available for volunteers to write inspirational notes on the back and be sent in the Kits!

### Toxic-Free lipstick

We provide clean, high-quality lip products to help each woman remember how beautiful she is.

## CORPORATE PARTNERS

Fighting Pretty works with corporations and partners to provide sponsorship dollars to fund the Strength and Beauty Program as well as provide in-kind donations for the Kits. We are so grateful for these partnerships and donations!

### Sponsorships and Packing Parties

### In-Kind Material Donations

FIGHTING PRETTY

*I bring those gloves with me to every appointment. They are a reminder I am a fighter and take each day one day at a time.*

Sharon, Breast Cancer Patient

*Thank you so much for your recent donation of Strength and Beauty Kits to our patients. These will truly make a difference!*

Megan, Oncology Nurse, University of Chicago

*Many thanks and thoughts of gratitude for your wishes of hope for our cancer patients at the Collins Pavilion at Chilton Memorial Hospital. The women appreciate the pink gloves and lip gloss!*

Denise, Patient Navigator, Chilton Memorial Hospital (NJ)

*I hang these gloves on my mirror reminding myself every day of how strong I am.*

Courtney, Brain Cancer Patient
