Please turn on JavaScript to use this site. The game brings to mind SimTower in its management and construction style, although you build down rather than up. You will need to monitor your resources and protect the vault. Manage the vault in this free Fallout spin-off. You play the role of storage manager. It's up to you to set up power, power and water stations to maintain your storage. Residents approach your door and you will need to assign them jobs to keep them busy and provide resources. The interface is good and clean. There's a great bit of design here that makes up a kind of folding system. The information you need is always present on the screen, and everything you don't need tends to pop up. It keeps the screen clear so you can check your rooms and roles without visual interference. Listen to the piano audio cue! If you hear it, it's a mysterious stranger. If you find it and click on it in time, you will get bonus caps to spend on numbers. The disadvantage of the game is that there is not much to pre-prepare. It's made as a kind of inactive game, so you check every hour or so, but are active only for a few minutes to collect resources. Getting caps to spend is pretty easy, but the game presents microtransactions to increase the amount. This can make the game feel underwhelmed, and take away the feeling of achievement when you hold a large amount of caps without paying. Where can you run this program? You can get Fallout housing on Windows 7 and up. You'll need a 64-bit OS to run it. Is there a better alternative? No. You won't find anything like Fallout Shelter. If you are looking for similar games, Oxygen is not included this is a great game to try. Fallout Shelter is a good ploy in time. It satisfies the mechanics and participation in the period between the game. The biggest problem is that most of the game is idle, so you will only play for short bursts of time. Should you download it? Yes. It's free, so there's every reason to try it out. The gameplay is solid and the artistic style is good. Check out the entire Fallout franchise on Steam May just be the best free game out there GamesBeat Probably the best E3 2015 Gizmodo Fallout Shelter game is easy to play and addictive as Hell Game'one Fallout Shelter puts you in control of the state-of-the-art Underground Vault-Tec.
