The novel The Man Named Peter, Dr. Peter Marshall's biograp, written by Ms. Marshall, was published in 1951 and quickly became a bestseller. In 1959, Ms. Marshall married Leonard Earl LeSard, executive editor of Guideposts. The pair remained together until Miss Marshall's death in 1983. Katherine Marshall's novel,Beyond Our Selves) was written after her diagnosis, imprisonment during suffering and tuberculosis recovery. During Ms. Marshall's years of imprisonment, many spiritual issues arose when she was forced to spend hour after hour, day after day, year after year, alone with her thoughts to keep her company. In Beyond Our Selves, Ms. Marshall, in unconditional transparency, reveals these spiritual questions and answers that she found through the study of Scripture, personal prayer and meditation, and the very desire to know Him as she is known to Him. Its chapters, i.e. How to enter into; Don't be afraid to trust God; Prayer for rejection; Journey to joy; And; After that, help shed light on the contents of this book. Ms. Marshall, in Beyond Our Selves, shows herself as part of a mystic, scientist, skeptic, teacher, and above all, a seeker as she shares with the reader that she has discovered in her earnest efforts to enter. Hide the details of ▲ (I wonder what I became a Christian, reading this very book in 1979, Anita So many things change our lives: circumstances, the family in which we were born, where we went to school, what careers we chose, what jobs we did, how our parents behaved, what mental pain and grief we faced, disease, poverty, wealth. The list is endless, but books can change our lives too: sometimes, the profound and powerful impact that changes Forever. Aside from the Bible is one of the books that I credit for changing my life, as is Beyond Myself famous American writer Katherine Marshall. Her inspirational letter touched the lives of millions of people and continues to do so even now, though she died in As a very new Christian, I am fortunately led to read this book when I need to feed all the time. I read the Word, but I need something that has to do with everyday life and situations. It was here that this book had such an impact. I didn't read much Christian literature at the time, but so wanted to learn more about this new life I chose. I remember feeling like a sponge, just soaking up everything, good, bad and mediocre. I needed to see how you could live your life as a Christian, and what it actually meant to face the challenges of life thrown at you. Perhaps one of the deepest themes was forgiveness. Catherine gave such a personal testimony of how she was allowed to forgive, and I was very quickly condemned that I needed to forgive someone who had hurt me very deeply. So strong was this belief that I didn't wait long to obey inner nudges, or pushes. The man I was struggling to forgive made me lose my job and took over my role when I left. This event caused havoc in my life. As recently as single parent unemployment was the last thing I needed. Inspired by Catherine's book, I came to the Lord and made peace with him and released my forgiveness to this lady. Sometimes God wants to see if we did it for real, he meant what we said. It wasn't until a few weeks later that I found myself sitting behind this lady at a seminar. If I hadn't forgiven her, she would probably have witheded the force of my feelings. But the Lord was not done to me; He again condemned me for having to talk to her and apologize for her role in what happened. It was hard. I was shaking, but knew I couldn't duck this one. When I spoke to her, I felt the grace and peace of the Lord flooding through me, and although our paths were unlikely to cross again, I knew I could encounter her at any time. The real blessing was that she, too, apologized. Light as air and free as a bird at that moment, I left knowing that something very powerful had taken place. Divine exchange. I read as many books as I could; they were sustenance, and I devoured them all. She was so honest and real about life situations that she faced and did not shy away from hard things like suffering and healing. You almost feel like you really know her by the time you're done. So often we are afraid to be real with each other, wear a mask and smile hoping that no one will know what is going on inside. But shallowness does not bring relief, and until we are confronted with our truth, we cannot know peace, healing, forgiveness, and grace. It has been more than twenty years since I first read this book and I was inspired to read it again. Unable to find my copy, which I probably lent to someone else who had just entered I bought another copy and I'm relishing it over and over again. My life has been a lot of twists and turns flips these last twenty-four years, some of which I would never want to experience, but the simple message and power of encouragement and inspirational writers like Katherine Marshall has given me hope, increased my faith and gave me the courage to be real about my life. I love how she never thought too much of herself, asked God's difficult questions, and praised Him for her answers. Convincingly demonstrating that nothing wasted in the divine economy, she found a new purpose after the devastating, untimely death of her husband. She poured her pain through her pen and allowed the Lord to turn her grief into joy, helping us all to understand that there was always hope. I will still gladly put this book in the hands of a new believer as a guide and help. I have always strived to write and offer something meaningful. Catherine's writing and her journey as a writer have been a touchstone for the magazines I've kept for over two decades, and the literary journey I have now. I wonder what she would have done from blogging. I'm sure she would be there with others offering her warmth, wisdom and intimate ideas to the Lord in the 21st century. Alice Allsworth's Alice Allsworth (alicesapplesofgold.wordpress.com) biography of Alice: I am the mother of two beautiful daughters and grandmother of three charming grandchildren. I live in one of the most beautiful places in the country, Cornwall. Fortunately, to live by the sea, I never want to be too far from his look and sound. I love music, words, painting, life, my family, my friends and, above all, my faith. I live on the same roller coaster as everyone else, but love to encourage others, support them when they fight, and most want to make a difference to the world by the time I leave it. I believe that faith is an intimate part of everyday life and seeks to associate the ordinary with the divine. It is the encouragement of others and the amazing love and grace of God that led me to this moment. Point. beyond ourselves catherine marshall quotes. beyond ourselves catherine marshall pdf
