I literally never saw this guy. Did not know he existed until the q score evaluations came in.

Xiaosheng is great.

Xiaosheng wasn't my section TF, but I ended up going to his office hours nearly every week since he was the only helpful TF. He actually did a good job explaining relevant topics and how to approach problems for the pset and modeling projects, and I am eternally grateful for that. I wish I could have made it to his section, as I think I would have gotten much more out of this class, but I had a conflict and so was unable to. Thanks, Xiaosheng! Great work!

Xiaosheng was the best of the TFs at explaining things. I wish I would have found him earlier in the semester.

Xiaosheng is a genius. He sympathized with students regarding the difficulty of the course and was the best TF in actually explaining the motive behind the material. I know I did very poorly in this course despite spending and exorbitant amount of time on it, but Xiaosheng was my only saving grace, and without him, I do not think I would have prevailed in being able to complete all the homeworks and grasp all the concepts that the course explained.
