

ASBESTOS TRAINING

Made Simple

The
RedCat
Partnership

Health and Safety Consultants

Choose which modules you need;

Asbestos AWARENESS

OBJECTIVES;
for delegates to

- State the basic origin and purpose of asbestos
- Appreciate the impact of asbestos on human health, and consequences of non-compliance for the business
- State the common uses of asbestos in buildings, and recognise suspected asbestos materials

Asbestos MANAGEMENT

OBJECTIVES;
for delegates to

- Identify duty holders, and their legal responsibilities
- Understand the two different types of asbestos survey and key features of each
- Interpret the contents of an asbestos survey report
- State the purpose and key features of an asbestos management plan
- State the key features of an emergency action plan

ASBESTOS
AWARENESS

ASBESTOS
MANAGEMENT

We run each of these two modules as half day sessions (maximum). They can be run "back-to-back"; Awareness in the morning, and Management in the afternoon. This allows you to pick either module, or both if needs be, to satisfy your needs.

The Practicalities

What Do We Cover?

We start with a full list of learning objectives common to all asbestos courses, and, if needed, edit this down to your specific requirements.

Where Is Our Training Held?

Your choice. We come to you (if you have the facilities), or your team can come to our state-of-the-art training facilities at No8

How Much??

Typical costs for full sessions;

- | | |
|-----------------------|--------------|
| • Asbestos Awareness | £625.00 +VAT |
| • Asbestos Management | £625.00 +VAT |
| • BOTH modules | £950.00 +VAT |
