STAR Chapters By-Laws
Information and Instructions

Thank you for your interest and support in STAR Chapters. Sorry for the delay in getting these cleaned up and published. We are all still working full time jobs and have other family obligations.

Every chapter has a different makeup and dynamic. These by-laws are simply a guideline that carried over from the old entity and have worked in the past. They are for you to use in your chapter and can be modified as you see fit to work for you. We ask that you keep the general intent of the by-laws in place so that all chapters are similar.

There are several things in the by-laws that we do not currently have in place yet. We are working on those as quickly as possible and cleaning things up as we go along.

We do have copies of the old STAR Touring databases. They are extremely large and have years of old data in them. They are outdated and very complicated to work with.

In order to get correct data to work with in this new venture, we ask that you send a copy of the signature pages to us by e-mail or post office at the following:

STAR Chapters
1102 N Long St.
Shelbyville, IL 62565
starchapters@starchapters.org

Your personal information will be used to create a new accurate database that we can use in the future. Your personal information will not be sold to or available to any vendors.

Your chapter information will be used to create a page on the website for other chapters and prospective members to contact you.

Please fill out as much information as you can on the signature forms. If you need additional signature pages, please copy as many as you need.

If you are an existing STAR Touring chapter, we are not going to make chapter name or number changes unless you request them to be changed.

If you are an existing STAR Touring member, please continue to use your existing membership number and we will update our new database with this information.

If you are a new chapter or wanting to become one, we will assign a name and number for your chapter. We are working on the paperwork for you to use to get started.

We are not currently charging National dues. That may change in the future as we grow the organization and make final some decisions with your input on where we are going and how we are going to get there. If your chapter wants to charge dues for a local charity or chapter events,

that is the chapter's decision. Please document all monies in and out with a treasurer report monthly so there are no issues with the IRS.

We are working on a more formalized structure to the organization so communication will be easier and quicker for your chapter and your members.

We are working on a new STAR Chapters logo. The current logo is owned and trademarked by Yamaha Motorsports worldwide. We are attempting to get a release to continue to use it but that is very complicated and may not be possible due to the monies involved. Will update on this as it progresses.

We are working on new membership cards, business cards and merchandise with a couple of different online vendors.

We are working on additional content for the website and Facebook page. If you have suggestions, please send them to us.

We are also working with Alan and Ginger on the original STAR Touring merchandise and should have more information in a few days if it becomes available.

Please feel free to contact us by e-mail with any questions or concerns. We will get back to you as soon as possible.

Once again – Thank you for your support and interest in your organization.

Ride Safe!
