ABOUT US

SIBO Business Solutions is a provider of integrated business technology and consulting services.

We partner with small and medium-sized enterprises (SMEs)

to deliver managed IT support, cloud solutions, and business process for your growth –

We partner with small and medium-sized enterprises (SMEs)

to deliver managed IT support, cloud solutions, and business process optimization –
– all with a single focus: making technology work for your growth.

We don't believe in one-size-fits-all.

Our model is built for SMEs that need both stability and flexibility.

Fixed-Fee Managed Services

Predictable monthly costs covering day-to-day IT operations, security, and support. No surprises. No hidden fees.

Project-Based Consulting

For strategic initiatives – cloud migration, system upgrades, process re-engineering – you pay only for the project scope you need.

Our SLA Framework

Our Service Level Agreement locks in: predictable performance, transparent accountability, and long-term partnerships aligned to your goals.

WHY SME'S CHOOSE SIBO

Local responsiveness
Support in your time zone, real people on the line

Security-first mindset
aligned, with proactive threat management

No vendor lock-in
We recommend what's right for you, not what earns us a commission

Plain-language communication
No jargon, just clarity
