Role & Responsibilities

We are looking for someone who has proven work experience as a Finance controller and is ready to move to work with a fast paced software start-up. Should have experience in a SAAS based company and a thorough understanding of financial statement analytics. We operate in the US, UK and India - having knowledge of global financial regulations and reporting standards is a bonus.

- Manage all accounting operations including Billing, A/R, A/P, GL and Counsel, Cost Accounting, and Revenue Recognition.
- Work with senior leadership teams to manage and control financial metrics efficiently within the organization.
- Coordinate and direct preparation of budgets and financial forecasts, and report variances.
- Creation of internal policies, and controls to manage those policies. Research technical accounting issues for compliance.
- Coordinate the preparation of regulatory reporting, and track this on a periodic basis. Manage and comply with local, state, and federal government reporting requirements and tax filings.
- Develop and document business processes and accounting policies to maintain and strengthen internal controls.
- Knowledge about information security and privacy practices during on-boarding and off-boarding.
- Knowledge of Physical security best practices

Qualifications & Skills

- CA or MBA Finance with 2 - 4 years of experience in the Finance Controller role in a Software Company.
- Excellent technical skills- EXCEL, MS OFFICE, ACCOUNTING SOFTWARE (Quickbooks, ZOHO, ORACLE ETC)
- Good analytical skills and effective stakeholder management, ability to work with cross-cultural teams in different geographies.

If you are all this with a heart of empathy, it's always a plus.
