Originally a web novel, the series has been published in print since 2015. The series follows zajime Naqumo, who is transported to another world with the rest of his class but receives the most average magical abilities, forcing him to fight for improvement. The prequel was published in 2017. The series has received a manga adaptation, serialized on the Ovelap Comic Gardo website since 2016, as well as a Yokomay comedy spin-off and manga adaptation of the prequel novel. The anime adaptation, produced by White Fox and Asread, premiered on July 8, 2019. The second season is confirmed, but the release date has not yet been disclosed. Synopsis High School student Hajime Nagumo mocks his classmate for his relationship with the class idol, Kaori. When he and the rest of his class are transported into the fantasy world, all his classmates acquire powerful magical abilities, while Hajime acquires only the ability to transmute solid materials, a common skill commonly used in artisans and blacksmiths. During a dungeon raid, one of his classmates betrays him and throws him to the bottom of the dungeon. Survive in the fall and create weapons to escape the dungeon and become stronger. On his way, he meets the imprisoned vampire Yue, and later he is joined by Shi, Uncle Dragonoid and others. Characters of Hajime Nagumo (南雲 ハヰ, Nagumo Hajime?) Seiyō: Toshinari Fukamachi, a high school student in Otaku who is transported to another world, where he acquires only a very low-level ability to transmutation. During the first walk in the dungeon of Orcus, the whole class was trapped, which is the cause of a desperate battle of death against the mighty demon Hippopotamus. Trying to somehow help his comrades, Nagumo uses his land conversion skills and tries to prevent the demon from giving the boys time to reach a safe distance. At some point, he manages to disorient the demon, and Nagumo tries to escape. But as a result of an accident (in fact, a particularly dense attack committed by his classmate) falls directly into the abyss of the dungeon. Contrary to all expectations, he manages to survive after falling into the abyss. Almost immediately after waking up, Hajima is attacked by a monster biting his left arm. Escaping, he accidentally meets a very rare mineral with healing properties. After a few days, he reaches a very unstable state of mind, as a result of which the former personality of the hero is disturbed and Hajime changes beyond recognition. For a while he explores the dungeon as he shoots down any demonic creatures that come to him. Then he started eating all the demons he killed, so he got a lot of demonic abilities. Some time later, he ran into the place contains Yue and frees her from long-term imprisonment. With her, Hajime conquers the dungeon, and one day they reach the top floor and receive Magic from the Age of gods. Hajime decides to conquer all 7 dungeons, get all the divine powers and use them to return to his native world. Yue (ユエ, Yue?) Seiyō: Yuki Kuwahara, a vampire princess who was betrayed and imprisoned by her uncle and raised at the bottom of the Oskar Orkus Labyrinth for 300 years until Hajime discovers and releases her through transmutation. She is a magical prodigy who can use all kinds of magical elements and has an automatic regeneration ability that prevents her from aging and healing wounds very quickly. She falls in love with Hajima and becomes her first companion. Yue shows no jealousy when other girls approach Hajima, as he declares himself his first and official wife. Shi Hawlia (ハウ, Shia Hauria?) Seiyō: Minami Takahashi, the advice that Hajime and yue find. It has the ability to see the future and uses the custom deck as its weapon. She also develops feelings for Hajima and pursues him relentlessly and develops a sisterly bond with Yue Kaori Shirasaki (崎 香織, Shirasaki Kaori?) Sayo: Saori Inishi, one of Hajime's classmates and class idol. She was the only one who spoke actively with Hajime, having gone so far as to investigate manga, anime, and even erogue to talk to him. However, Kaori realized his feelings only after Hajime fell into the abyss, and was also the only one who did not believe in his death. As soon as he finds him again, he is terrified of how violent Hajime became at first, but eventually overcomes his fear and confesses his love to him, joining him on his way, usually competing with Yue and others for his affection. It has the kind of work of a healer with a great affinity for healing and strengthening magic. Shizuku Yaegashi (八重樫 雫, Yaegashi Shizuku?) Yes: Yumiri Hanamori, she is Kaori's best friend and Koki's childhood friend. She is a hardworking and affectionate girl who spends her time practicing her kendo skills, is extremely sharp and is usually able to handle things without much explanation. She is one of the most realistic among her classmates and acts as the voice of reason and caution rather than blindly rushing like her other classmates. She is known as a great beauty, but she has a secret girl's side who loves cute things. Uncle Clarus (イ オ, Uncle Kurarusu) Yes: Uncle Ioko Hikas is a pervert with a basic M condition, but he is honest and the words he says are similar to old legends. Your M became such because she was defeated by the Group of Hajime in the northern mountains of the village of Ul. He dedicated himself to Hajim to become his slave, and called Hajima a master. Uncle hails from the Rujin Clares tribe, half dragon. His magic and defense are much high, especially in the shape of a dragon, even Hajime's group attacks only broke the scales of this dragon. She is 563 years old, and Yue respects her, but not for long when she sees her perversion. Her looks are a woman in her 20s with golden eyes. Its dragon shape is several meters long with golden eyes and has black dragon scales. His work is the Guardian, Koki Amanogawa (天-之-河 光輝, Amanogawa Koki?) Sessioin: Tetsuya Kakiara One of the students called with great charisma and appearance, along with his skills (the highest among his peers) made him a class leader. Despite his good intentions, he is quite naive, he tends to get carried away with his emotions or sense of justice, but until he is unable to accept his mistakes or understand when he was wrong even before he was used in battle. Yue (ユエ, Yue?) Seiyō: Yuki Kuwahara, a vampire princess who was betrayed and imprisoned by her uncle and consider him a villain, even though he had saved his life and the life of his group, all because his actions and cruelty contradicted his justice, he genuinely believed that he had forced Yue and others to be with him when he obviously did not. Nagumo instead saw only empty complaints and misconceptions, so he was quite brazenly brazen. His kind of work is an extremely rare hero who gives him intimacy in all kinds of magic, statistics and superb abilities so that he is the perfect archetype of the hero however his constant mistakes and lack of reflection change the opinion of everyone around him. Aiko Hatayama (畑 愛, Hatayama Aiko?) Yes: Ai Kakuma, a class leader who, like her students, was called to Tortus, does her best to protect her students and keep them out of danger. After Nagumo was left dead, it became used as currency, so that no stump would have the same. Seeing Nagumo alive was filled with joy. Nagumo respects her as a teacher and trusts important information about the real causes of conscription and the causes of the ongoing war so that she can protect her students and her students from future threats. Her type of farm job is useless in battle, but she can provide almost unlimited food and supplies, so the church considers her very valuable. Daisuke Hiyama (楢 介, Hiyama Daisuke? three of his friends), who pursued Nagumo out of jealousy of his closeness to Kaori, in his arrival in Tortus this was greatly worsened by his high statistics and Nagumo's apparent weakness. He was responsible for the fall of Nagumo, but when he returns, he is afraid of his monstrous strength and brutal personality, but Nagumo did not seek revenge as minor, but made it clear that he knew what he had done.
