WoW Patches WoW Patch Download for World Support Warcraft technical support I read that the next patch is ready to load. I haven't seen it download yet. Is there a way to get it to start downloading? Just don't want to wait for the W to load to start. There is a window you tick in the settings on the launcher to turn it on. Hey there, Click Blizzard then Settings, and scroll to the bottom of the installation/update section. It should look like this. You can increase or limit the speed of installing patch data in the future to change how it affects your gameplay and system usage. If you want it to go as fast as possible, use 0 as it is for unlimited (no cover). Introducing World of Warcraft Classic Fall ConquestRegistration open to World of Warcraft Classic Autumn Conquest!
