BRIDES LOVED IT!

Jaime said...

Nats was an absolute dream to work with! Nats was kind, friendly and listened carefully to what I wanted on my big day, and absolutely nailed the final product. The Makeup held incredibly well throughout the day, and I would highly recommend her to all brides!

Thank you for helping to make our day magical. I was blown away by the final looks on my mum, sisters, and I. We aren't a family who wears much makeup, but we felt so comfortable in your hands, and sure enough you made us absolutely glow! We felt so beautiful all day long. Thank you!

Thank you so much for your work not only on me but also on my bridal tribe. Not only is your work impeccable, but you are an absolute gem of a person and made the experience so enjoyable. Being someone who doesn't wear makeup often, you took everything I said into account and executed it perfectly. I'm so glad that I chose you for my special day.

QUESTIONS?

Feels lost? Got lot of Questions? Hop on a Consultation Call! I got you.. In the Meantime, here's some more asked Questions

How early should I book my Trial?

Two months prior to the wedding day and not later than 2 weeks closer

Can I get lash extension?

If you wear lash extensions on your normal day, and want to feel comfortable, Sure! but you just want this done for the wedding. Don't worry, I do custom clusters that suits well for the makeup and your eye shape.

Can I get lash lift?

Sure you can!

Do you do all skin tones?

I'm skilled in working with Fair to Deep tone complexions

I have sensitive skin, Can I use my own foundation?

I use a range of luxury brands, my tools, brushes are sanitised well and absolutely, I can use your foundation

Can I only get my Eye Makeup Done?

I only offer full face, I do recommend doing a trial to play around.

Should I do my Hair first?

That would be ideal. But no stress on that! We like a neat hair when revealing the makeup to see the full face

Should I get my Makeup First?

If there's a bridal party, do not be the first to get the Makeup. Bride go last so you will feel and look fresh.

Will my makeup last?

Yes! I used good base in order to make sure you look fresh till you dance
