Download Guests can't request updates! Bakery Story 2 is an interesting project in which the player will get his own pastry shop and make it the best place in the city. By baking various cakes, cookies, pies, muffins and other goodies, the user will get a large influx of customers. To please the guests, it is necessary not to delay in service and please a variety of dishes and pastries. Grateful visitors will pay generously for baking, and this will help to discover new recipes and develop confectionery, buying new equipment and interior details. Bakery Story 2 is a game from TeamLava, which is a popular name for the social gaming scene. This is exactly a continuation of the much popular bakery history. As you know, bakery history seems to be the latest in a series of titles. Its goals are to destroy and destroy the free time of those who can not get their own bakery in real life. Playing Bakery Story 2 is not that difficult, and the process of being a bakery owner is easy. Players will give customers a place to sit and enjoy their meal. When customers visit, players must keep counters full of food cooked from kitchen stations. In general, playing the game, your primary responsibility is to manage your own bakery, gain experience and levels, collect ingredients from some nearby suppliers, and create recipes. Alternatively, you can customize the decoration as well. It's such a delicious fun game! StoryAs mentioned earlier, the gameplay of Bakery Stories 2 is simple, but it is still more outstanding than other gaming counterparts such as Restaurant Paradise: Sim Builder or My Secret Bistro. It's not just about selling food and drink; then you become a famous bakery store owner. When you run a bakery, it all starts from below. You just have the right appliances and a simple setup. To be more specific, you have to start with basic recipes. As long as you master and perform them well, you will get a great experience to align. Things will change when you level up as you will unlock more sophisticated recipes. From now on, you can make your bakery distinctive from others. So let's keep working hard and your bakery will earn its own reputation. You will raise your bakery from humble beginnings to culinary glory. However, you should also pay attention to the recipes. Sometimes the ingredients you need won't be available in your area. This feature is very similar to the real situation. What do you have to do? You will need to hit some surrounding stores and buy ingredients. In addition, you also store ingredients for the following culinary hits. Also, stores sometimes may not have the right ingredients for you. So you have to be careful Use your local resources wisely. Another advantage when your level is higher is in station numbers. The more stations you have, the more cakes you can make and serve. To make the cake you choose, click the item a few items and wait until the cake is cooked. Then, you serve them to customers to buy. This process will be repeated over and over again, giving you a lot of money to buy new recipes and neighborhood for your customers. It sounds boring at first, but when you dive into the game, you'll find it interesting. The feature of bakery history 2 Mod ApkDecorating place is always satisfying, and in Bakery History 2, players can personalize everything. There is a plethora of custom furniture, including wallpaper, floors, chairs, art and so on. You can customize each decor to match your style and your own taste. To be more specific, you can customize doughnut tables, add wallpaper and pattern, or decorate potted plants or cake displays. From now on, your bakery history is completely unique. Your friends can visit your bakery at any time and have a way to impress them through decorating your shop. Keep in mind, using hundreds of options to customize the bakery to create a confectionery paradise. Aside from decorating, there are plenty of delicious recipes for you to explore. This game challenges you to customize the menu with some popular recipes. This will make you feel like you are creating a real home bakery store. With dozens of lip smacking desserts, you can make your favorite treats such as alfajores or peach cobbler. To expand and make your bakery shop glory, you will need a large pantry. Sometimes you will be fed up with the lack of storage space and you can not keep up with the demands of customers. Don't worry; The solution is simple. You have to upgrade them, including household appliances, pantry, and local shops as well. Once upgraded, everything will work more efficiently and meet your specifications. When you have expanded your bakery enough, there will be many requirements and customers will flock to start their orders. In other words, you'll be in hot demand. If you can complete these tasks, you can earn various rewards and increase your popularity. In general, the graphics in this game are bright, polished and beautiful. 3D characters are attractive with the right amount of personality and mercy. The cake doesn't seem to be exactly photorealistic, but it goes well with other graphics. So in general it looks beautiful. In terms of sound, it's relaxing and enjoyable. The overall score of bakery story 2The the gameplay is simple, the game still has some glaring problems. To be more specific, its touch detection is still not as smooth as you would expect. Also, it is the lack of convenient control for you to decorate your shop. For example, you should out of kitchen utensils in case of choice wrong. As for wallpaper or floor tiles, you need to click on each of them It repeats itself and is tiring. In addition, this game requires online game mode. This means that Bakery Story 2 won't let you play offline. This is really a huge disadvantage for those who want to enjoy playing on the bus, or they are in the area of non-internet coverage. As for decorating the bakery, it's addictive and it sounds good. But the bad thing here is the price for each item is high. In other words, it is terribly expensive to buy new looks for your store. Some jewelry will require gems to buy, and gems are not easy to earn. So, if you want a sweet and beautiful kind of bakery, you have to accumulate as many gems as you can. Some helpful tips when playing bakery history 2First, you should watch your customers well. For example, if they turn away, it means that the store does not have enough space for them. So you have to expand and add more chairs and tables. From this, you can serve more and make money faster. Secondly, you should prepare all the ingredients for new recipes and appliances when they are available. Every brand new recipe after you are unlocked will have a more massive payout. And the discovery of a new recipe is sometimes a significant investment. But don't worry, you can earn this investment in a short time. You keep in mind that customers will continue to visit your store even if you stop playing. Therefore, on the shelves you need to serve a lot of baked goods. When you play, you earned so many coins. As for the grocers, you have to make it more efficient by upgrading. When it is updated, you can get the ingredients faster. From this, you can bake more cakes often. To earn the parts, you have to fill out To-Go orders. Parts are vital as they allow you to upgrade pantry and grocers. In other words, you can expand your bakery shop or you won't be heavily affected by these parts. And filling To-Go orders is the best way to take these parts. These orders also reward players with premium gemstones, but they don't often do so. If you are lucky, you can get gems and buy exclusive jewelry. Completing quests is a great way to get more experience points. And you can discover more recipes and level faster as well. So you have to keep these quests on top of the priority. Fast Serves will be a powerful way to increase baking time. You can get them by connecting your Facebook account and requesting them from your friends. Also, when you complete To-Go orders, you'll sometimes be rewarded with Fast Serves. So you can them for recipes that have long been baked once. Before you go out of the system, you should have all the appliances baked recipes, particularly the newest recipes. This allows you to serve a variety of baked cakes the next time you return to your shop. By doing this, you can get more experience points as well as coins. Mixer appliances are very useful as it can do a lot of a lot for example, canned fruit or icing sugar. So you have to keep it active at all times. Many To-Go orders or quests asking for baked goods require ingredients from these faucets. If you have enough ingredients stored in the pantry, you are ready to bake elaborate recipes such as frosty chocolate cakes immediately. There will be at least an event happening every month. The activities will only last for a limited time and they will follow specially themed treats. In particular, they allow you to bake delicious holiday cakes. In addition, these themed treats provide you with a lot of coins when baking. Therefore, you should try to participate in these events to earn more profit. Aside from the monthly activities, there are some extra activities providing you with exclusive themed decors. They are permanent, so you can use them all year round. You have to try to capture these items before the event is over. If not, you should wait until next year to get them again. There are many ways to play Bakery Stories 2. Even if you like discovering new recipes, decorating, making friends with other players, or mastering the art of making your customers happy, just choose the way best for your style. Honestly, it depends on how long this cake was prepared. For example, if this cake requires only an hour but you left it for 3 hours, you should throw it as it is ruined. This means that you have lost the money used to make this recipe and you start all over again. On the other hand, if the cooking time for another cake is 5 hours, it is still OK even if you leave it for 9 hours. In general, the goods can be spoiled in 10 hours. You're just in the main house. Then you click on the messages and the wall is the first tab. You can leave your message there. Other players can see it when they visit your bakery. In short, Bakery Story 2 Mod APK offers you a lot of excitement about restaurant management. With tons of features and upgrades, you'll absolutely have a blast to play with. If you're a fan of the game management genre, you'll surely be pleased. While this game may not meet your unexpected, unique and fresh game requirements, it is still fun to play. In addition, it also gets a high mark from other reviewers of the game. Thus, it ensures to satisfy you to a certain extent.
