It's very much a cheat, since you don't have to load the games menus to activate Instant Research. The in-game tool allows you to look up every ship from the entire game library in terms of: The costs for buying, upgrading and building it Most new ships are available to you immediately after purchasing them, and they all have their respective points. The new Instant Research tool will let you know, which ships have been researched for you, which have the highest points, and which ships you can still buy at any time. You can find out the complete list of ships, as well as the points they have when clicking here. Credits: Sins of a Solar Empire is available for free from: My own Sins of a Solar Empire server, with lots of custom content, as well as free addons for Sins of a Solar Empire: Rebellion. From Crate Entertainment Crate Entertainment has been running an official Sins of a Solar Empire: Rebellion +1 server since the game's release. Our very own community created a lot of the new content on our server, including many units, mods, ships, and others. We also have lots of free addons for the game, to help you achieve the best play

experience, such as the "Community-made" Devastator AI, as well as the "Perfecter" AI, which fixes errors you may have encountered and is also able to play almost perfectly. From the Guild: Our guild has been working on a lot of mod content in Sins of a Solar Empire: Rebellion, and are also actively adding new content, such as new weapons, new units, and more. This new trainer will help you to access all the new content that's been made, and it's worth a try! Additional Credits: In this game, every unit costs 1 Energy in the base game, but you have the ability to upgrade them with 1 free Energy. Upgrading a unit costs another 1 Energy, so in the end you have to spend 1 Energy for every upgrade you make. Therefore, it's completely free to be able to upgrade a unit, you just have to build a single building for every upgrade you need, which costs only 1 Energy. If you have a single instance of that unit on the battlefield, it doesn't matter which version of the unit it is, you can upgrade all the units of that 520fdb1ae7
