Acid arrows 5e

Melf's Acid arrow 2nd-level calling Casting Time: 1 action Range: 90 foot components: V, S, M (powdered rhubarb leaf and an adder's stomach) Duration: Instantly a shimmering green arrow stripes to a target within reach and burst into a syringe of acid. Make a series of players attack against the target. On a hit, the target takes 4d4 acid damage immediately and 2d4 acid damage at the end of its next innings. On a miss, the arrow splashes the target with acid for half as much of the initial damage and no damage at the end of its next innings. At higher levels. When you have thrown this game using a game slot of 3rd level or higher, the damage (both initial and later) increases by 1d4 for each slot level above 2nd. Playlists. Wizard a magical arrow of acid jumps out of your hand and speed to its target. You must pass on a certainty touch attack to hit your target. The arrow deals with 2d4 points of acid damage with no splash damage. For every three caster levels (up to a maximum of 18th), the acid, unless somehow neutralizes, lasts for another round, dealing with another 2d4 points of damage in that round. Material component powdered rabarb leaf and an adder's stomach. Focus an arrow. A shimmering green arrow stripes to a target within reach and burst into a syringe of acid. Make a series of players attack against the target. On a hit, the target takes 4d4 acid damage immediately and 2d4 acid damage at the end of its next innings. On a miss, the arrow splashes the target with acid for half as much of the initial damage and no damage at the end of its next innings. At Higher Levels: When you throw this game using a game slot of 3rd Level or higher, the damage (both initially and later) increases by 1d4 for each slot level above 2nd. Higher Game slot Desc When you throw this game using a game slot of 3rd level or higher, the damage (both initial and later) increases by 1d4 for each slot level above 2nd.
