**Demokratie
Befürworter stehen
hinter Reza Pahlavi
als Koordinator der
politischen
Übergangszeit**

Demokratie Befürworter stehen hinter Reza Pahlavi als Koordinator der politischen Übergangszeit.

“Wer will verhindern, dass aus dir und mir ein ‚Wir‘ wird?“

Wer fürchtet unsere Einheit?

Wer profitiert von Spaltung, Schweigen und Angst? Die Antwort ist klar:

Derjenige, der die Macht des Volkes fürchtet. Derjenige, der durch Spaltung herrscht.

Derjenige, dessen Existenz auf unserer Trennung beruht.

Und das ist nichts anderes als das verbrecherische und zerstörerische Regime der Islamischen Republik Iran.

Ein Regime, das nicht nur die Wurzeln von Freiheit und Menschlichkeit zerstören will, sondern mit allgegenwärtiger Korruption, systematischer Unterdrückung und tiefgreifender Inkompetenz

mehreren Generationen im Iran die Chance auf Leben, Wachstum und Hoffnung geraubt hat.

Wenn wir heute zu dieser gemeinsamen Erkenntnis gelangt sind, dann ist kein Platz mehr für Schweigen oder Zögern.

Wir können nicht länger am Rand stehen bleiben.

Denn dieses Regime befindet sich heute in seiner schwächsten, instabilsten und am meisten isolierten Lage seit vier Jahrzehnten.

Und wir stehen an der Schwelle zu einer historischen Entscheidung.

Doch die Gefahr ist noch nicht gebannt:

Wenn wir uns in diesem entscheidenden Moment nicht vereinen, wenn wir unseren Willen nicht in konkrete Taten umsetzen,

wird sich dieses verrottete System neuformieren. Nicht mehr als globale Bedrohung, aber als chronische Wunde im Körper des iranischen Volkes.

In dieser Schicksalsstunde ist unsere nationale und moralische Pflicht eindeutig:

Wir müssen eine Stimme, ein Wille, ein Ziel werden.

Legen wir persönliche, parteiliche und ideologische Differenzen beiseite, und ebnen wir mit Bewusstsein, Mut und Solidarität den Weg zur Befreiung.

Dies ist unser Ruf an alle, die noch an das Licht glauben: An jene, die Freiheit über jedes politische Kalkül stellen.

An jene, die Iran nicht in der Vergangenheit, sondern in einer klaren, gerechten Zukunft suchen.

Unser Vorschlag ist klar: Unterstützung für Reza Pahlavi.

Er hat mit klarem Blick für die vielschichtige Krise des Landes

die schwere Verantwortung übernommen, die Übergangszeit zu gestalten.

Er hat einen 100-Tage-Plan vorgelegt, gegründet auf drei unverrückbaren Säulen:

- Garantie der Menschenrechte
- Trennung von Religion und Staat
- Wahrung der territorialen Integrität Irans

Dieser Plan bietet einen modernen, nationalen und menschlichen Rahmen für einen friedlichen Übergang aus dem bestehenden System. Ihn zu unterstützen heißt, Vertrauen wiederaufzubauen.

Es bedeutet, den Weg zu einer nationalen Übergangsregierung zu ebnen, deren einzige Legitimation im freien Willen des iranischen Volkes liegt.

Und das Morgen des Iran könnte so aussehen:

- Eine würdevolle Rückkehr Irans in die internationale Gemeinschaft
- Öffnung der Wirtschaft und Zugang zu Investitionen
- Bewusste und freie Mitbestimmung des Volkes über sein Schicksal
- Wiederaufbau des Bildungs-, Justiz-, Sozial- und Umweltwesens
- Wiederbelebung von Kultur, Kunst und freiem Denken in kommenden Generationen
- Volle Gleichberechtigung für alle Bürgerinnen und Bürger - unabhängig von Religion, Konfession, Ethnie, Geschlecht oder sexueller Orientierung

Ein freies Iran – für alle Iranerinnen und Iraner.

In diesem Prozess tragen Demokraten, Intellektuelle und zivilgesellschaftliche Akteure eine große, aber ehrenvolle Verantwortung:

Nicht nur Zuschauer zu sein – sondern Gestalter der Zukunft.

Dies ist der Moment des Übergangs – vom Zuschauen zum Handeln. Es ist der Moment, aufzustehen.

Ein freies Iran wird das Zuhause aller seiner treuen Kinder sein – aus jeder Sprache, jeder Hautfarbe, jedem Glauben, jeder Herkunft, jeder Erfahrung.

„So komm mit uns, lieber Freund...
denn dieser gemeinsame Schmerz
kann niemals getrennt geheilt werden.“

Setze deine Unterschrift.

Werde Teil der neuen Welle der Freiheit und des Wiederaufbaus Irans.
