[Verse 1]

Hey little dreamer's eyes open and staring up at me

Oh little lonely eyes open and radiant

Wait until I come and I will steal you

Wait until I come I'll take your soul

Wait until I come and I will steal you

Wait until I come and I won't go

Darling dreaming in the night

Shadows on the windows

Lead oh and everyone go

We'll leave me on the night

I will give you lightning

I will not relinquish light

Oh little dreamer eyes open and raving here

Wait until I come and see you, little girl

When we come I'll leave with you too

When we come I'll let you come low

Hey we'll leave it all behind

Oh and then the nightmares

I'll fill them in good time
Oh they will seat your mind
When the light hits
And you maybe'll ask me
Why do you run around here
Why do you come inside of me
Why does it rip me out in dream
Why then why then watch this little fuck
Going away

[Chorus 1]

Why this lonely
Why this lonely
Why this lonely love
Why this lonely
Why this lonely
Why this lonely love

[Bridge]

Halloween
Carry on
Bury all
Bury all
Bury all
Bury all

Bury all
And in this dream
Tell us are you satisfied with **fucking**

[Chorus 2]

Don't walk away
Don't walk away
Don't walk away
I'm talking to you

[Chorus 3]

Love is **hell**
Love is **hell**
Love is **hell**
Love this I'll tame you

[Chorus 1]

Why this lonely
Why this lonely
Why this lonely love
Why this lonely
Why this lonely
Why this lonely love

[Outro]

Love him up to you
