

# The Black Keys - When The Lights Go Out

[Spicy Filters from BeWellPlayed.com](http://BeWellPlayed.com)

## **[Verse 1]**

Don't it hurt so bad  
Standing in the sun  
The bottom of your heart  
You don't love no one

## **[Chorus]**

You can be  
Oh, so mean  
I just can't see  
No in-between  
You know what the sun's all about  
When the lights go out

## **[Verse 2]**

What a way to live  
Back of your class  
The end of the line  
You're always last

**[Chorus]**

You can be  
Oh, so mean  
I just can't see  
No in-between  
You know what the sun's all about  
When the lights go out

**[Verse 3]**

See the moon  
See the stars  
From your lonely seat  
In lonely cars

**[Chorus]**

You can be  
Oh, so mean  
I just can't see  
No in-between  
You know what the sun's all about  
When the lights go out

**[Outro]**

Lights go out

Lights go out  
Lights go out  
Lights go out  
Alright
