zip it up before copying and pasting the download into a single file on the computer, or you have a USB storage device and a computer with 4 GB of free space for the file. Please .zip it up before copying and pasting the download into a single file on the computer, or you have a USB storage device and a computer with 4 GB of free space for the file. You can use our [Getting Started guide](to set up your environment. 3. Install the [Mapbox GL JS SDK](from a [Mapbox.com release](If you are installing the SDK on your own, you can also use [the Mapbox GL JS CLI](4. Import the SDK package into your Android Studio project. 5. Add the 'android' as a dependency in the 'build.gradle' file for your project. ``groovy dependencies { // Add the Mapbox Android SDK as a dependency compile 'com.mapbox.mapboxsdk.mapbox-android-sdk:2.0.0' // Add the Mapbox GL JS SDK as a dependency compile 'com.mapbox.mapboxsdk.mapbox-android-sdk-gl-native:0.6.0' } `` The [Mapbox GL JS SDK](contains documentation and API reference pages. You can find these under the section 'Documentation and API Reference'. ## Development 520fdb1ae7
