It's a blessing to learn from the lives of others. Inspiration can flood our hearts and motivation can fuel our minds when we learn how backgrounds have influenced someone's success or how a setback encouraged an overcoming story. The challenge is that reading a long biography book or watching a biography documentary can be exhausting.

An InspireMe Biography™ is ready-to-order wisdom and drive-thru inspiration you can take home to your heart and pass on to friends and family. It's principle driven and anchored by the lessons found in the challenges and perseverance of others. Biographies can reflect values we can share with our children and apply to our own life. This is also a "Total Bible Workout" in that the bible verses (NIV) appear in order.

Job's testimony in the bible is an unmatched story of perseverance through trials and a saga of faithfulness from suffering. He certainly had the knack for seeing things God's way even if he had to learn tough lessons. Job's perspective on life is inspiring and applicable to our lives today by gaining wisdom from his unique example of following God in extreme situations.

Think of what you remember when you do experience a biography. What story, principle or lesson do you take with you and keep in mind for your own life? What if a biography was already shrunk down to these core memorable principles ready to go?
