seasons: spring, summer, autumn, winter incalculable: a lot of work in the factory, so it does not earn much. Is there a lot of unemployment in this area? This region is very dry: there is not much rain. Counting: Many it's a very small town, so there aren't many shops there. The interview was easy: they don't ask me many questions. Did you take a lot of photos when you were in London? We use while talking about something that happens over a period of time to tell when something is happening. We also use while talking about something that happens at the same time as another event. During my time in London I visited many interesting places. He came to work during the morning meeting. We use again or again to talk about something that happens continuously until now, or will happen continuously in the future. We've had a lot of problems during/in the last few months. We expect sales to grow within/in the next few months. We use to say how long something goes on. I can only come for a few minutes. I waited two hours for him. We use to say that something will happen or be achieved before a certain time. It should be finished by two o'clock. He should be back by the end of March. We use until we say that something will last until a certain time. We'll be here until July. We use to express time (in the future) from now on. I'm going on vacation in a week. I'll be back in five minutes. (five minutes later)) The pretext is a word that connects one thing to another, showing how they relate. Some excuses tell you about time. For example: Many stores close on Sundays. It's snowing in winter. How to use the pretexts of time B is used over time: at 10 am B is used with months, seasons, years and long periods of time: in June, winter, in 1975, in the 1980s Used with days and dates: Monday, May 11 For use with a period of time. It shows the start and end time: within six months, for 10 Since then used with the starting point: from June, from 1572 Select The excuse in each sentence: - Cram Up - Grammar - Prepositions - Exercise AT We use at times: at 5 o'clock - at 11.45 - at midnight - at lunchtime Example: Tom usually gets up at 7 o'clock. We use in these expressions: at night - at Christmas - at the moment / now - at the same time - at the weekend - in the age ... ON We use on with dates and days: March 12 - Friday (s) - Friday morning (s) - Sunday afternoon (s) - Saturday night (s) - for Christmas (but at Christmas) In We use for longer periods of time: April - in 1986 - winter - in the 19th century - in the 1970s - morning (s) / afternoon (s) / evening (s) In a period of time - time in the future: Examples: Jack will be back in a week. The train is leaving in a few minutes. In question how long it takes to do something example: I learned to drive for four weeks. DURING We use during the noun to tell when something will happen: during the movie - during our holiday - during the night Examples: We met a lot of interesting people during our vacation. I fell asleep during the movie. FOR We use for a period of time expressing duration: for six years - for two hours - for a week Examples: I lived in this house for six years. They've been watching TV for two hours. SINCE We use from the beginning, a certain time: from April - since 1992 - from 8 o'clock Examples: It rains from the hour. They've known each other since they were in school. UNTIL We use up/up to say how long the situation lasts: Examples: Let's wait until it stops raining. I stayed in bed until half past nine. From - TO We use from - to start and end of the period Examples: Last night we watched TV from 5 to 8 hours. EXERCISES Time Predictions - Exercise 1 - on, on, in, for, since Timepositions - Exercise 2 - on, in, for, bye, from - to, during TimePosition - Exercise 3 - on, on, in, for or during Timepositions - Exercise 4 - in, On, in, on, in, for, from, to or untilPrepositions of time - Exercise 5 - on, in, in, untilPrepositions of time - Exercise 6 - on, in, in, in, because, during or before the Preposition of Time - multiple choices of exercisePrepositions of time and place - multiple choice exercises English Exercises and prepositions And we do not use in, and on when we use the expressions of the latter, the next, and this.
