## Cascara.

---

Cascara, a drink made from dried coffee  
cherries, is a great alternative to regular coffee.  
It contains only 20-30% of the caffeine  
compared to filtered coffee, but it also has a  
stimulating effect.

Ours comes from the famous Costa Rican farm  
Las Lajas and its taste features rosehip,  
hawthorn, wild strawberries, raspberries and  
honey.
