BOARDING SERVICES

Board and care

Chow Cute Boarding provides a protected time for boarders to have their own space during their stay with us. We will conduct a comprehensive screening for all pet guests to ensure individual daily routines and necessities are catered to.

Individual cabin

We have between 16 to 26 cabins, with 24 hours pet guardian monitoring to ensure our guests' needs are met.

For safe segregation, cat rooms are located on the 1st floor while dog rooms are located on the 2nd floor, with 2 different room sizes to choose from.

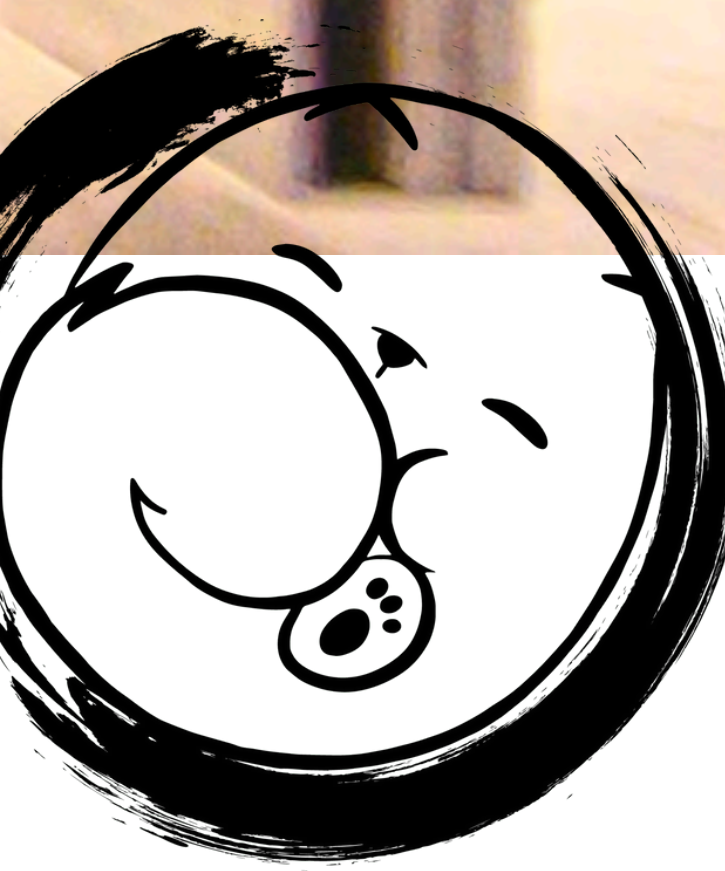

DOG CABINS

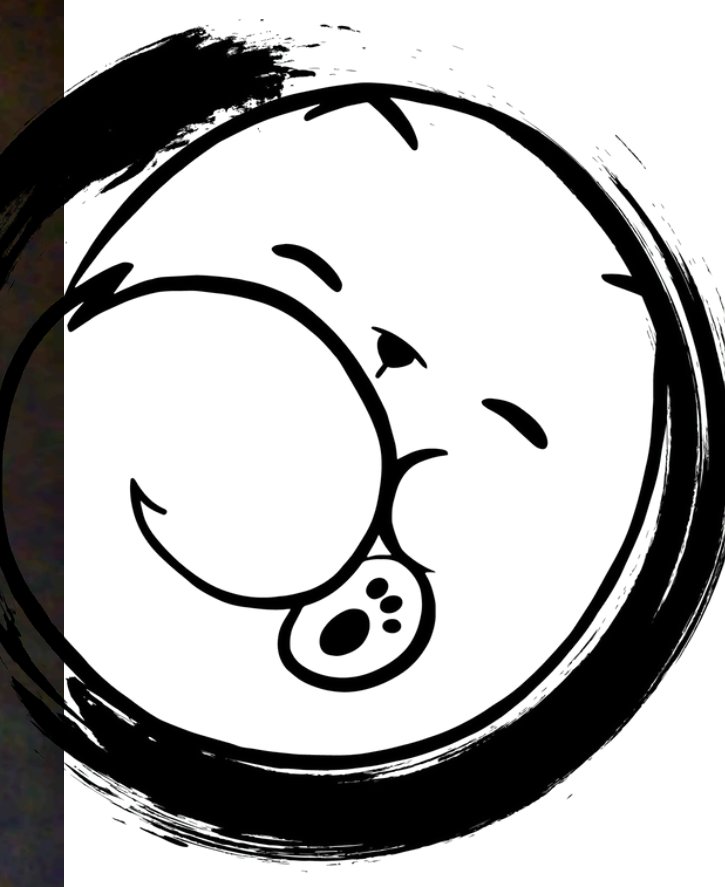

DOGS CABINS

CATS CABINS

CHOW CUTE CENTRE PROGRAMS

EARLY PET YEAR ENRICHMENT PROGRAM

Chow Cute provides an early development environment for your furkids!

We provide an enriching and fun learning environment that enlighten curiosity and growth within your pets. We use the dog's natural curiosity and desire to have fun and play to encourage the development of their interactive skill, learning and behavior skills.

CHOW DAYCARE CENTRE

Are you constantly worrying about your dog while you're at work? Our daycare centre is the ideal place for your fur kids! To prevent boredom and anxiety, Chow Cute keeps your dog stimulated and entertained with regular exercise and socializing, we can help keep your dog's mind active and engaged.

With their own individual space to eat and sleep, we ensure they are well feed and rested. From puppies to older dogs, we welcome all ages and breeds. To ensure your furkid gets the best attention and care, we do not take in more than 12 dogs per day, with every staff handling 4 dogs each.

CHOW DAYCARE ACTIVITIES

At Chow Daycare, your dog can engage in some of these mentally-stimulating activities to cultivate a healthy and happy mind !

- Dog Run
- Maze Course
- Swimming
- Massage
- Shell Game
- Tug of War
- Art & Craft
- Monthly Dress-Up
- Discipline Training

CHOW DAYCARE SCHEDULE

About Our Mud Spa

The Herb Pack is known for its medicinal properties targeted at recurring skin ailments such as ***yeast infection, flaking skin, bald spots*** and ***excessively oily skin***.

The Herb Pack has been widely used as skin treatment in Japan for 10 years, and it has been documented to treat cases where even vets cannot.

Apart from skin benefits, the herb spa also has beauty effects on the fur coat, making it ***fluffy and shiny*** after each treatment. This treatment is suitable for **both dogs and cats**.

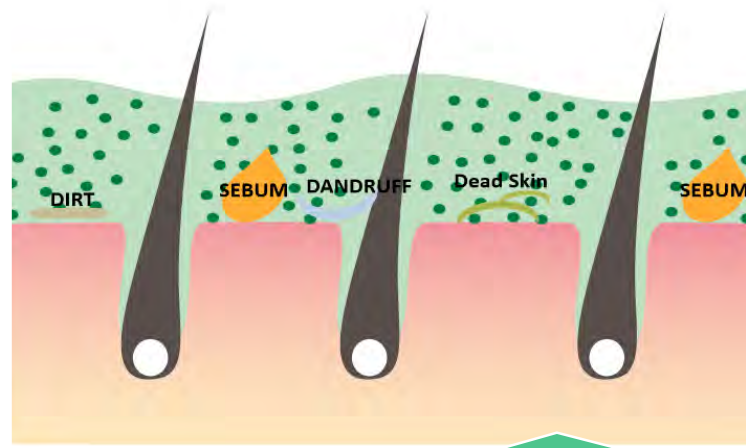

Main Ingredients: Cassia, Neem & Aloe Vera

- These healing herbs have been used since ancient times to treat a variety of ailments. Cassia has **high anti-inflammatory** and **anti-bacterial properties**. Neem helps to **remove odour and itch** through its purifying properties. It also **repels insects** effectively. Aloe vera replenishes **moisture and nourishes the skin** with its rich nutrient content.
- The herbs used are produced by organic farms that are certified by renowned accredited organisations worldwide, and they are processed without the use of any preservatives or chemicals. So you can have a peace of mind knowing that the Herb Pack is completely safe, even when licked and ingested.

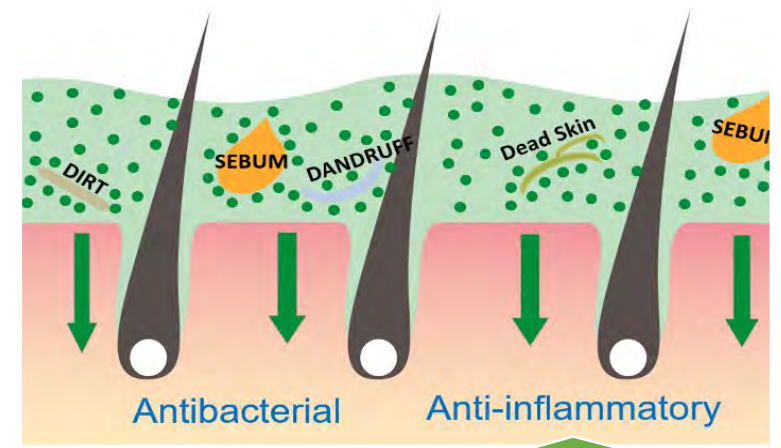

Dirt, dead skin, scurf and sebum causes growth of bacteria which results in troubled skin and pesky odor.

Beauty & Health Pack
For volume, shine, and fluffiness

Application of Herb spa

A soft peeling effect is achieved as the herb paste absorbs these dirt, keeping the pet's coat healthy.

Doctor's Health Pack
For anti-bacterial, anti-inflammatory and odour removal effect. Good for dogs with very oily skin or flaking skin with dandruff
