## Windows server 2016 study guide

Note: As the response to coronavirus (COVID-19) continues to evolve rapidly around the world, Microsoft has announced that it will extend the retirement date for the current MCSA Windows Server 2016 certification until January 31, 2021. Pearson VUE has temporarily closed many of its test centres around the world in response to global government regulations to combat the spread of COVID-19. As an alternative to the exam at an exam center, online proctoring is available, allowing you to take the certification exam in the comfort of your own home or office. Instead of taking the necessary exams near Pearson VUE testing center, Pearson VUE will be offering only online proctored exams for the foreseeable future. This means you'll have more time to prepare for your current exams: 70-740: Install, store, and compute Windows Server 2016 70-741: Network management Windows Server 2016 70-742: Identity with Windows Server 2016 To help you prepare for exams, you can buy our study guides.
