

# Covid-19 Micro Enterprise Grant Program FAQs

August 2020

- **Can a business who received the COVID-19 Micro Enterprise Grant apply to the [Entrepreneurship grant](#)?** Yes, as long as it can prove it is for different expenses/purpose and during different periods. This information will need to be provided clearly during the application process and recorded to comply with regulations.
- **Can a business who received the COVID-19 Micro Enterprise Grant apply to the LEND 0% loan program?** Yes, as long as they can prove the funds are being used for the different expenses/purposes and during different time periods. However, priority may be given to businesses that have not gotten financial support.
- **Can a business who received an [Entrepreneurship grant](#) apply to the COVID-19 Micro Enterprise Grant ?** Yes, if it was received prior to 2020, and as long as it can prove it is for a different expenses/purposes and during a different time period. The applicant should also disclose that the entrepreneurship grant was received as part of their application. This information will need to be provided clearly during the application process and recorded to comply with regulations.
- **I am eligible for both grant programs, where should I apply?** Businesses who are eligible for the COVID-19 Micro Enterprise Grants should apply for this program first.
- **How are applications approved and/or prioritized?** A staff committee will review all applications for eligibility and prioritize using the criteria in the guidelines. The review will include income eligibility, business location, whether or to what extent the business has received any grants or loans, whether the business is minority or women- owned, and may include the
