

11th October 2020

When Can We Assemble Again?

As the number of Covid-19 infections continue to drop, there has been an easing of restrictions, especially since phase 3 is just around the corner. We are in touch with the Metropolitan YMCA and here are the latest update.

1. Under current safe distancing regulations, the Upper Room can only seat up to 36 persons.
2. No singing is allowed and worship services must be as short as possible.
3. There will be no mingling before and after the service.

On top of these physical restrictions, the Household of Faith must be registered under the Registrar of Societies.

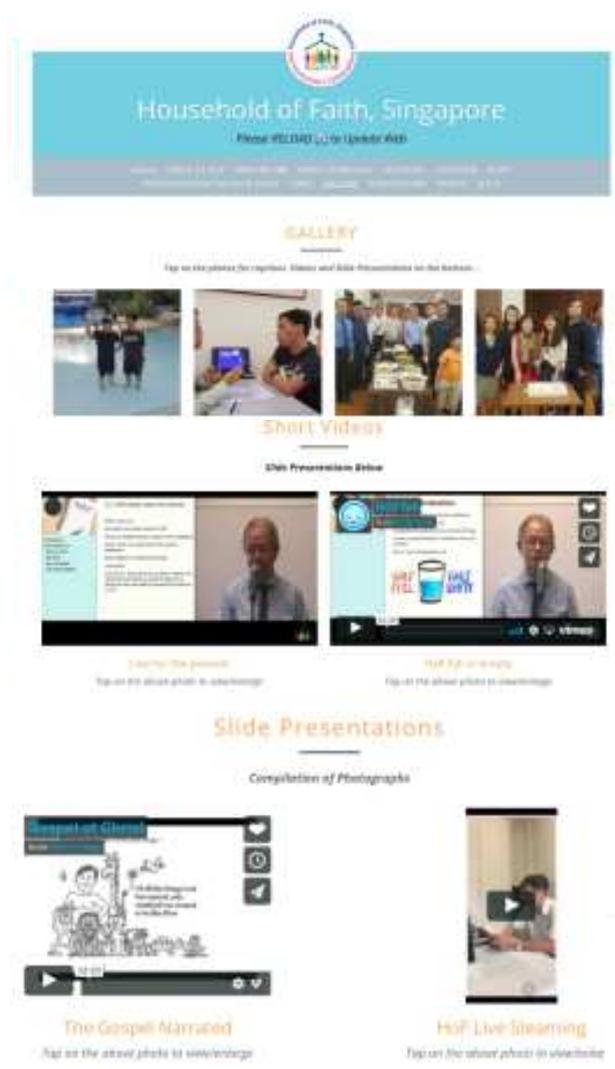

We also need to apply for a Letter of Approval from the Crisis Preparedness for Religious Organisations (CPRO).

Also, all worshippers are to download and activate the TraceTogether app.

We will see if any of the above regulations will be lifted in the coming weeks.

With the current onerous requirements just to assemble together for an hour and disperse without any fellowship, we will wait for the next phase to open.

Continue to pray along with us and keep up with your worship with our weekly Sunday live streaming from the links on our website and Facebook group.

On the gallery section of our website, we display photos, videos and slide presentations

Fidelity is published weekly by the Household of Faith, Singapore, currently live streaming every Sunday at 6pm at <https://tinyurl.com/HOFstream> until we are allowed to assemble back at the Metropolitan YMCA, Stevens Road, Singapore 257854. Check our website - www.hofsg.com for the latest updates. Postal address: Pasir Panjang P.O. Box 27, Singapore 911121. Website: hofsg.com. For more details, contact the minister. Henry Kong at henry.kong@yahoo.com. Mobile: +65 9326 0669. Scan QR Code to go to our website (left) or our FB Live Stream (right).

Below is the latest correspondence that we have received from the Metropolitan YMCA.

Although the government has relaxed the parameters and allowed up to 100 persons for a worship service, we are still bound by this clause, "From 3 October 2020, all ROs will be allowed to conduct congregational and other worship services for up to 100 persons, subject to safe distancing and safe management measures in place." (<https://www.moh.gov.sg/news-highlights/details/resuming-more-activities-safely>)

Because of this, we can only allow 36 persons at the Upper Room due to the safe distancing measures as indicated in the advisory.

I know you are eager to resume your gathering as much as we are excited to welcome you back, however, we would require the following documents first to be submitted or prepared as a response to the requirements of the government.

Letter of Approval from the Crisis Preparedness for Religious Organisations (you may apply through this link: <https://www.form.gov.sg/5eeb1acc5a361100119ea96f>)

Worship Programme Flow- Appoint a Safe Management Officer to assist in the implementation and coordination of the system of Safe Management Measures. Kindly provide his/her name, contact number and e-mail address.

Encourage all worshippers, religious workers and staff to download and activate the TraceTogether App.

Display a dedicated SafeEntry QR code at the registration desk at all times.

Implement health checks and protocols by providing your own sanitizers and temperature checker at the registration desk.

Few reminders to follow:

Worshippers have to observe 1 metre safe distance between others.

Keep worship service to as short a duration as possible.

All attendees must wear a face mask at all times.

Singing and other live performances are not permitted during the worship service.

There should be no sharing of prayer and other common items.

Lastly, here are the terms and conditions that we would like to implement as part of this exercise:

The organizer takes full responsibility in ensuring that all rules and regulations set by the government are followed and implemented accordingly. (You may refer to this link: <https://www.cpro.gov.sg/resources/advisories/>)

The organizer waives all liabilities from Metropolitan YMCA Singapore should there be deviations from any of the default parameters set by the government.

Metropolitan YMCA may decide on its sole and absolute discretion to halt any services should there be found any violations against the safety protocols of the government.

Once again, we are grateful for your continued support and confidence in us during these challenging times. We shall look forward in

Thank you and best regards,
Emmanuel Joshua Formeloza
Conference Sales Manager
