Calum scott only human album

By: Emily Mabenks released her debut album Only Human on March 9, 2018. For those who don't know, Calum Scott is a British singer-songwriter who gained worldwide attention when he appeared on ITV's Britain's Got Talent in 2015, where he sang a cover (which later became his first single) Robin Dancing on My Own. Subsequent singles: Rhythm Inside, and You Are The Reason are also featured on the album. It's hard to predict what to expect from the debut album, and I believe that all the songs on Only Human are inspired by different aspects of Calum Scott's life and experience. Some songs are very raw, but I think that's what makes music and emotions real and resonates. The album begins with a song called If Our Love Is Wrong. This song is as personal as it can get as this Calum Scott goes out the story in the song. According to Calum Scott himself, this topic was scary to talk about, but such empowerment of song writing. I am proud of who I am now, and I sincerely hope to inspire people who may find themselves in a similar situation. The music is quite upbeat, which gives it an empowering and empowering element, while the lyrics are very deep and meaningful, so it has a good balance and I think it should inspire confidence in those in the LGBT community, particularly about accepting who you are and being proud of who you are. The second song on Only Human is Give Me Something. Calum Scott says this song was written about the desperation of love. Those situations where the other person raises his walls and does not let you in. Sometimes you just need something to work, some kind of signal to show that it's worth fighting. I suppose this may be true in all kinds of relationships whether it is a friendship, a romantic relationship, a parent/child or a sibling relationship where one person refuses to let the other in for whatever reason, and the other person is left questioning and wanting something. Again, the music is fast enough and powerful enough, but if you listen to the lyrics, you can hear a deeper meaning and emotion. Tracks three and four rhythm inside and you reason. These two songs have already been released as singles. Rhythm Inside is a song that talks about the physical journey your body takes takes place when you meet one - that electricity and chemistry we all felt! You Are The Reason is a love song in all its forms, spreading the message that the love we feel for these special people in our lives conquers everyone. This song was also released in a duet with Leona Lewis. The fifth song, Come Back Home is a reflective song about when you push someone to their limits and then realizing that you pushed them past it. A reminder not to be an ass for those you love! I think it's an important message for a song to have and story to tell, because we are all often guilty of pushing someone we love too far sometimes, only sometimes the damage is irreversible. Song 6, Stop Myself (Only Man) is a song that defines the concept of the entire album and gives the message that being human is not to have control sometimes, which is normal. We are not robots, so we have to accept our emotions, celebrate them . It is just a message that the world needs today. We are often guilty of sticking a brave face when all we really want to do is fall apart and cry. The seventh song on the album is Calum Scott's debut single and the cover cover of Robin's hit, Dancing On My Own. It's clearly a deeply personal song for Calum Scott, who says he's always heard outside of production listening to the heartbreaking pain of the lyrics, and the song became meaningful in his own life, reflecting his own experience. Calum Scott slowed down the song and gave it his own interpretation to personally make sure that lyrically, she came from a gay perspective. A beautiful and moving song. Tracks eight, nine and ten are just you, don't keep your head down and what I miss the most. Only you about friendship, do not hesitate you is a tribute to Calum Scott's younger sister and what I miss Most about the missing home. Three songs that repeat very simple but important things in life - friends, family and the place from which you come. The eleventh song on the album is called Hotel Room and, in the words of Calum Scott, probably one of the most heartbreaking songs for me. It's about unrequited love for a guy who's ultimately not gay - I still wanted to write it with a place of hope and optimism. I believe that many of the songs on this album, despite being very insightful and personal and full of powerful emotions, are still very positive and optimistic. The twelfth song is called Good To You and the concept of this song is that the tips you would give your younger self. It's all about telling yourself to be good for yourself and taking care of yourself. It's a wonderful, positive message for a song to give, especially today when mental and emotional health and well-being are especially important. This song promotes self-care. The final song, Not Dark Yet, brings the album to an end. For me, the album Only Human is brilliant. Calum Scott sings about life and stuff that affects us all on a daily basis. Each song tells its own story, but fits well into the entire album. It gives a quiet but empowering sense of optimism about life. If you want to know more about Calum, I interviewed him in October 2017, before his show at Motorpoint Arena, Cardiff, which you can check out here. 2018 studio album Calum ScottOnly HumanStudio album Calum ScottReleased9 March 2018Rescribed2015-2017Studio Various 1 Blue Room Hollywood) Deborah-J (Kingston upon Hull) (London) Paramount Recording (Hollywood) Poinsettia Place (Los Angeles) RAK (London) SuCasa (Los Angeles) TempleBase (Los Angeles) Wolf Cousins (Stockholm) Length53:20LabelCapitolProducer Fraser T Smith (exec.) The album was interrupted in November 2018 as a special edition with four additional tracks. Critical reception Professional ratingsReview ratingsSourceRatingAuspOp 6 Express Star5/10 7 Gay Times 8Metro Weekly 9 Famous for Sound 10 David from ausOp gave the album four out of five, and praised the personal lyrics, writing: Most of the songs here are great to listen to, and you can appreciate the effort that went into making such a big debut. Francesca Lamaina of Renowned for Sound gave the album three stars out of five, saying: Only Man is a worthy debut album. . Some tracks lack of spirit and gasps amid incessant repetitions. Nevertheless, Calum Scott's voice is incredibly beautiful. Nick Lavigne of the Gay Times gave the album four out of five and said that Only Man offers a stylish assortment of soulful stompers, ballads with an evangelical name and more reflexive downtempo moments, adding, It's an impressive and affecting debut that proves that Calum Scott is much more than some amazing cover of Robin.
