Here, you will receive the highest quality service in a healing environment that emphasizes your comfort and convenience. Aurora BayCare was inaugurated in September 2001 as a joint effort of Aurora Health Care and the BayCare Clinic. Aurora Health Care is a Wisconsin non-profit health care provider and a nationally recognized leader in efforts to improve the quality of health care. Aurora offers services at locations in more than 90 communities throughout eastern Wisconsin and northern Illinois. BayCare Clinic is the largest medically owned specialty care clinic in northeastern Wisconsin and the Upper Michigan Peninsula. It is composed of more than 100 specialized physicians with expertise in more than 20 specialties. Doctors at the BayCare Clinic have been assisting patients in Green Bay and the surrounding region for over 25 years. Also located on the aurora baycare medical center campus is the Aurora BayCare Orthopedic & Sports Medicine Center, opened in June 2008 offering pediatrics, orthopedics and a leading athletic performance enhancement facility. Also located on the Aurora BayCare Medical Center campus is aurora BayCare Orthopedic & Sports Medicine Center, opened in June 2008 offering pediatrics, orthopedics and a leading athletic performance improvement facility.ɪmp; As well as Aurora Health Care, Aurora BayCare is among the 250 health systems and hospitals nationwide participating in the national CMS/Premier Hospital Quality Incentive Demonstration project. Aurora BayCare was named the best performing hospital in this national demonstration project, and Aurora Health Care was the best performing healthcare system in the country for two years in a row. Aurora BayCare is committed to bringing first-time health care to the communities it serves, such as: our full on-site fertility program, including in vitro; deep brain stimulation for movement disorders; endovascular winding of an intracranial aneurysm; and digital mammography and mammosite radiotherapy for cancer patients. In addition, we present many Centers of Excellence, including: Cancer Care Services; Cartilage Center; Heart, Lung & Vascular Center; NeuroCare Brain & Spine Center; Orthopedic Services; Center for Sports Medicine Improvement & Performance; Women's Center; Weight loss services; minimally invasive gynecological surgery. Highlight of the Center of Excellence of Specialized Medical Services: Aurora BayCare Medical Center is the first hospital in the United States to be verified as an Emergency Center of Excellence by Emergency Excellence, a company specializing in emergency department benchmarking. The award recognizes our dedication to a higher standard of emergency care to improve the quality and satisfaction of emergency room patients. Here, you have access to a level II Trauma Center equipped to handle extremely critical situations at the hands of highly trained doctors and emergency specialists under one roof. Women's Health: We offer comprehensive women's care for all ages and stages of life at Aurora BayCare. You'll receive extensive women's services, the latest technologies, and innovative programs in a patient-focused environment. With more than 100 babies arriving in the world every month under our care, we are the leading healthcare professional in pre- and postnatal care. In addition, we offer specialized care for high-risk pregnancies, a neonatal intensive care unit (NICU) and fertility services—all in one convenient location. You can also count on Aurora BayCare for expertise in breast health maintenance, incontinence and gynecological oncology. In addition, Aurora Baycare is the first hospital in Wisconsin to receive the designation of the Center of Excellence for minimally invasive gynecological surgery. Cancer Care: You are fortunate to have a state-of-the-art cancer treatment institution right in your backyard with advanced technology and medical knowledge for breast, colorectal, prostate and lung, among other cancers. Our compassionate caregivers offer sophisticated cancer treatments, a second opinion program, a rehabilitation program, access to clinical trials, and genetic counseling to help determine your risk and the best measures to prevent it. Aurora BayCare also offers multidisciplinary cancer clinics for breast and lung cancer where in one day, in one place, you can meet all the specialists involved in your treatment. The Aurora BayCare Breast Center has been accredited by the American College of Breast Center's National Accreditation Program. Not only was one of the first four breast centers in the country to win this title, but it was also the first breast center in Wisconsin to important designation. Top 50 Hospital for Heart Care: Aurora BayCare was the only hospital in northeast Wisconsin to be among the top 100 hospitals for heart care in 2009, and the only Wisconsin in the top 50 for heart care in 2010. Cardiac, pulmonary and vascular center: Our integrated approach to caring for the heart, lung and vascular makes it less complicated for you to receive the necessary care. Our outstanding services include: cardiothoracic, electrophysiology, interventional cardiology, interventional radiology, pulmonology and vascular surgery. Clinical Research: As a patient at Aurora BayCare, you have access to dozens of clinical trials conducted here in Green Bay. Because Aurora BayCare is part of the state's largest integrated health system, you also have access to Aurora Health Care's research efforts. Aurora Health Care is involved in hundreds of research projects and more clinical trials than any other integrated health system in the state. Neuroscience Care, Brain and Spine: Our center serves as a physical, cognitive and emotional connection for people who have conditions or diseases that affect the brain, spine or nerves. Our Center of Excellence in Neurosciences provides access to a team specialized in trauma, spine, brain and pain treatment supported by state-of-the-art diagnostics and imaging. Orthopedics, Sports Medicine and Athletic Performance: Keeping it active with patient-centered orthopedic care is what we all are. Whether preventing an injury or providing the latest surgical techniques, our experts will help you live the active life. We offer trauma specialists, foot-and-mouth disease, shoulder, elbow, and sports medicine—helping you with pain management and rehabilitation services. And, Aurora BayCare is home to the only comprehensive cartilage center in northeast Wisconsin, where experts help you repair and regenerate cartilage lesions. Additional information about Aurora BayCare Medical Center: Aurora BayCare Medical Center has its own website at . Aurora BayCare Medical Center is not a wholly owned affiliate of Aurora Health Care, Inc. The new Aurora Medical Center – Bay Area opened its doors in August 2018.
