Learning opportunities

- Enhanced professional competence and personal confidence
- Enhanced cultural sensitivity
- Enhanced generic skills such as tolerance, flexibility and creativity
- Increased awareness of environment and sustainability

....and transformative experiences

«I have discovered more about myself as a person and as a therapist. I have really grown»

«To carry with me the experience of being able to overcome these challenges, and to have made these contributions. It made me feel more independent and prepared to start my professional life»

«Because of the differences and the huge challenges that I had to overcome, my experience from Zambia is more valuable than experiences from my previous placements. I feel I can face any challenge as a future therapist in Norway»
