Hello,

Your application to our workshop [Breaking into new Data Spaces: Infrastructure for Open Community Science](#) at CSCW 2016 has been accepted!

On behalf of the organizing team (cc'd), I'm thrilled that you will be joining us. The participants in this workshop possess an intriguing mix of backgrounds, interests, and expertise. I'm looking forward to a fun and productive day.

Below you will find links to the CSCW registration website and the *authentication code* that will allow you to register for the workshop during conference registration, as well as basic information about registering for the workshop.

NOTE: If you haven't [registered for the conference](#) yet, be advised that **the early registration deadline is TOMORROW, January 8th**. So register today to get the best rate.

If you have any issues with registration, or have any other questions about the workshop, **you can email lead workshop organizer Aaron Halfaker** (ahalfaker@wikimedia.org) for more information, or just reply to this email.

We will contact everyone soon with more information about workshop expectations, agenda, and logistics. We look forward to meeting and working with you all in February!

Best wishes,

Jonathan, Aaron & the organizing team
