The Ministry of Human Resources Development (MDGs) has placed the responsibility for the Central Teaching Test (CET) on the Central Council for Secondary Education (CVD) to recruit as many talented teachers as possible in order to make capable, courageous and good citizens. The current book has been designed for applicants who are looking forward to joining teaching This book covers Child Development and Pedagogy, which is offered in CTET Papers I and II, as well as in various state teacher law tests (TETs). This book was divided into 19 chapters containing a full study for child development and pedagogy in accordance with the CTET exam model and TETs. The book covers the concept of development - its connection with learning, the principles of child development, the process of socialization: family, peers and teachers, influence of the nation and the environment, Piaget, Kohlberg and Vygotsky: Social design - critical perspectives, the design of intelligence and multidimensional intelligence, gender as social design, language and thought, evaluation, evaluation, evaluation, laws, amendments and legislation for children with special needs, as children with special needs and learning , misconceptions and alternative concepts, individual differences, motivation and learning, contribution to the study of personal and environmental factors and the national curriculum (NCF), 2005. The book contains questions from previous years posed in CTET and TETs. The entire children's development program and pedagogy is systematically divided into several chapters. Also important reference questions from CTET and TETs were covered in the book. In addition, the book contains a full description of some concepts with crucial points based on the curriculum, as well as a sufficient number of MC for practice. The book also covers the National Curriculum (NCF), 2005. In addition, to give the top edge of the applicants Decided documents 2013 and 2014 CTET Paper I and Paper II were presented in the book. To help applicants practice and improve themselves, 5 Mock Tests were also given at the end of the book. Since the book has been developed strictly in accordance with the curriculum and exam model of CTET and various government TETs it will act as a food package that will help in getting success in the upcoming CTET and state TETs.
