For other values Peter Pan, see Peter Pan (disambigua'o). The statue of Peter Pan playing the flute in London by Peter Pan is a character created by J. M. Barry for his notorious play Peter and Wendy, which originated a book of the same name for children, published in 1911, and some of these adaptations for the film. The character is a little boy who refuses to grow up and who spends his life with magical adventures. James Matthew Barry, better known simply as J.M. Barry invented Peter Pan when he told stories to the children of his girlfriend Sylvia Llewelyn Davis, with whom he had a special friendship. The name comes from two sources: Peter Llewellyn Davis, the youngest of the boys at the time, and Pan, the Greek god of forests. A few years after her husband's death, Sylvia Davis died of cancer and Barry was appointed co-mentor of the boys without official acceptance of them. There are also those who suggest that the inspiration for the name was Barry's older brother, David, who died accidentally skating on ice when he was just 13, which deeply affected their mother. According to Andrew Birkin, author of the book J. M. Barry and the Lost Boys, it was an incredible disaster from which she never came together ... Margaret Ogilvy is comforted by the thought that when David died so young, she will remain a boy forever. Barry was looking for inspiration in this idea. The cover of Peter and Wendy (1915) by Peter Pan first appeared in the world in 1902 in a book called The Little White Bird, a fictional version of Barry's relationship with Sylvia Davis's children, which was adapted into a theater in a play by Peter Pan, or Boy Who Will Not Grow, which premiered in London on December 27, 1904. In 1906, part of Peter Pan's book The Little White Bird was republished under the name Peter Pan in Kensington Gardens with illustrations by Arthur Rakam. In 1911, Barry did another adaptation he called Peter and Wendy, but which is usually just called Peter Pan. In Kensington Gardens(London) there is a statue of Peter Pan playing the flute. The film Finding Neverland with Johnny Depp depicts this story about how the play Peter Pan was created, showing the relationship between James M. Barry and the davis boys, from the beginning to the creation of the play. In 1929, Barry made an unusual gift to his beloved charity. He gave all the copyrights to Peter Pan Hospital great Ormond Street, London Children's Hospital. This meant that whenever someone staged a play or bought a copy of Peter Pan and Wendy, the hospital got richer, not Barry. Over the years, it has been established that the present valuable than he could have imagined. In 2004, Great Ormond Street Children's Hospital decided for the first time to allow the creation of a sequel to Peter Pan and Wendy's. The competition was held to find, among authors from all over the world, someone capable of continuing Peter's adventures in Neverland. With a summary of the book and a sample chapter, Geraldine McCaughrean won the competition and wrote a Peter Pan scarlet note from salamander publisher in Peter Pan Scarlet's book. Wendy Some say that Barry invented the name Wendy in the United States, as in the United Kingdom, though rarely. Peter Pan's stories popularized the name, mainly in the UK. Wendy's name is associated with the Welsh name Gwendolyn and was used by Barry at a time when Welsh names began to be fashionable in England.
