Tiling imagination...

## CHAIRMAN'S DESK

**Creanza** is a Morbi based manufacturer and exporter of premium Glazed Vitrified Tiles. We had initiated our business journey in the year 2010 and been consistently creating a strong brand image in Indian market targeting to provide world class product solution. Our aim primarily is based on satisfying our customers with latest innovations, providing them with best quality and service in terms of doing business with us.

In **Creanza**, we have professionally skilled persons to administer the process of building tiles. Every carefully crafted tile that we present in the market goes through alert supervision of well-equipped and experienced technocrats. We believe imagination to be man's power over nature. Therefore, each product catalogue is itself a triumph story of how man's imagination knows no boundary.

Our achievement counts when our customers tell us how happy they are, how beautifully their dreams have been concretized into a home tiled by **Creanza**.

With best wishes,  
**DEVEN SIREZIA**  
Chairman

**ROTTTO**  
HDR FINISH

Roto Printing Technology is an advanced printing technology. Tile designs are pressed onto the tiles by using large rollers that print different designs onto each tile, as the tile moves underneath the roller. The gradual sideways movement of the roller ensures that each and every tile has its own unique pattern.
